

LEWIS HOME - CRAIG ESTATES

Craig Estates, another fine Lewis Homes development is in the final stages of sales close-out. Of the original 90 units in the project, only seven three bedroom and one four bedroom homes remain for sale.

Craig Estates is a specially designed project by Ralph M. Lewis, board chairman of Lewis Homes, specifically created to provide moderately priced, superiorly built homes for the immediate needs of North Las Vegas residents and those servicemen and civilian employees attached to Nellis Air Force Base.

The homes typify the Lewis Company concept of better values in the low and medium price range and still provide many extras normally found in homes of substantially higher sale price.

Lewis built homes are well known throughout Nevada and they have been a dominant factor in the area development for years.

Presently they have community developments in Boulder City, Henderson, Las Vegas, North Las Vegas and Reno.

While remaining in the lower price ranges, they still provide such features as: refrigerated air conditioning, front and rear lawns, carpeting, built-in ovens, ranges and disposals, underground utilities, concrete driveways, pullmans and dishwashers.

In the particular mentioned, the Jacob E. Manch Elementary School is within easy walking distance. Shopping centers are within easy access as are main fast-traffic arteries to the heart of Las Vegas.

The many hundreds of families in Nevada, plus many parts of California, now residing in Lewis built homes are true testimonials to the Lewis concept of family living of building for the family.

Lewis Building Company is owned and operated by Ralph M. Lewis, board chairman and founder, and the strength of company philosophy in regard to the total family concept in home building is participation by the entire Lewis family in all building programs.

Other principals of the firm are Lewis' wife, Goldy, a brother-in-law, Edwin C. Kimmel, and the Lewis' sons, Richard, Robert, Roger and Randall.

The Craig Estates Sales Office is open daily from 10:00 am to 6:00 pm and furnished models of the homes are located adjacent to the sales office.

VA FACTS

There are now more than 29 million veterans, who, with dependents and survivors, comprise nearly one-half of U.S. population, the Veterans Administration reported recently.

While veterans with nonservice connected disabilities are eligible for Veterans Administration hospital treatment on a bed available basis, beds are always available to veterans with service connected disabilities.
