## THOUGHT FOR TODAY

"The Lord is not concerned about how high we jump when we shout, but how straight we walk when we come back down."

## General Cooking Instructions For Horsemeat

1. Prepare this meat just as you would prepare beef in any of your favorite dishes.

2. Because of the lower fat content, the meat should be basted with oil, butter, or margarine.

3. For roasts, the seasoned cooking bags are excellent as in tin foil or a covered roasting pan.

4. Steaks can be marinated or rubbed with oil prior to cooking. Popular Italian salad dressings make tasty marinades for your meat.

5. The meat has a fine texture.

6. Because of our Hollymatic 650 mechanical needle tenderizer, all cooking times should be reduced an average of 20 percent.

According to the USDA'S "food values of portions commonly used" (10 Ed. Bowes and Church), this is how horsemeat compares nutritionally with beef, Pork, and Chicken per three and one half (3-1/2) ounce serving.

	Horsemeat	Beef	Pork	Chicken
Calories	118	270	348	151
Fat*	4.1	14	28	7.2
Iron	2.7	4.8	2.5	1.5

\* The cholesterol level is substantially lower than that of beef or pork.

## INTRODUCING NEWS IN THE MOTHER TONGUE

For Black people, the mother tongue is the same all over the country. It's the unique way we have of expressing ourselves. That's one of the reasons the National Black Network saw the need for a national Black news service.

What do we call Black news? It's simply news reported by Black people, edited by Black people, and affecting the lives of Black people.

That's the National Black Network—a vital communications link between Black communities everywhere.

It's a bet that when you listen to an NBN station, you'll know where it's coming from. After all, it's carrying your news.
