stamps and surplus commodities.

The SSI program will include as of January 1, 1974, the aged, blind, and totally and permanently disabled who now receive cash assistance payments. The program will be administered by the Social Security Administration.

Under P.L. 93-86, a beneficiary of SSI payments can receive food stamps or surplus commodities when the following is the case:

The amount of the cash assistance payment he would have received under a State plan in effect in December 1973--plus the July, 1973 bonus value of food stamps--exceeds his actual SSI payment (plus a supplementary State payment, if any).
