

NO INVALID SHE. Having only one leg and one kidney doesn't stop Bernadette Brown from leading a very active life on the playground and in the classroom. Bernadette, a first grade

student at Crestwood Elementary, has had one leg amputated and a kidney removed during the past year. Her teacher says she is an inspiration to the class and the whole school.

DENTON FOR GOVERNMENT BY THE PEOPLE

Prominent attorney Ralph Denton today became the first official candidate in the race for the Democratic nomination for Governor when he flew to Carson City and filed for the office this morning.

Although several other potential candidates have voiced an interest in the post, Denton, a 48-year-old resident of Boulder City, was the first to appear before Secretary of State William Swackhanner and pay the filing fee.

A native of Caliente, Nev., Denton has held several public posts, including stints as a Clark County Commissioner, Deputy District Attorney for Boulder City.

In his announcement statement Denton pledged to "take the people of Nevada into partnership with their government," and stressed the need for men and women of integrity and honesty "to continue to seek public office" despite the troubled times brought on by Watergate.

Denton and his wife, Sara, are the parents of three children, Mark, 22, a law student in Washington, D.C.; Sally, 20, a senior at the University of Colorado; and Scott, 18, a freshman pre-med student at the University of Nevada Reno.

Denton said he will take a state-wide tour "visiting every community in the state and meeting as many voters as possible" in the next few weeks.

No stranger to the political wars, Denton twice ran for the Democratic nomination for U.S. House of Representatives (1964 and 1966), narrowly losing to then Rep. Walter Baring.
