Summa from pg. 1

Commissioner Robert Broadbent said the commission had never given Summa permission to install any slots. "The commission could remove your slots and install its own if it wanted to," Broadbent said.

"It all boils down to whether Summa wants to be in the charter, or aviation business," Wiesner said, referring to the slots.

The unanimous vote for approval came after Wiesner told Morse that either Summa accepted the terms of the commission, or get nothing at all.

The agreement calls for Summa to lease an additional 47,000 square feet from the county to build a charter terminal at 16 cents a square foot. Summa pays three cents a square foot on the rest of its leased property.

Summa also agreed to relocate at its own expense the Federal Aviation Administration flight service station and the U.S. Weather Bureau, both located on the newly leased 47,000 square feet.

This agreement will mean almost \$6 million for the county over the next 29 years, the duration of Summa's lease.

"Low-income persons who have no means of transportation will be provided this support to reach the Food Stamp Office and other offices. Nutritional education will also be provided to these families," an EOB spokesman said.

End of week best time to visit SS office

Unless your business is urgent, the best time to call or visit the Las Vegas, Nevada Social Security Office is at the end of the week and the end of the month, according to Ed Cocks, Social Security District Manager.

"We're generally busiest on Mondays and Tuesdays and during the first 2 weeks of the month," Cocks said. "For prompter service, call or visit us on Wednesday, Thursday, or Friday during the second half of the

month." And it's a good idea to call the Social Security Office ahead of time, according to Cocks. "A lot of social security business can be handled by phone, and a call may save you a trip," he said.

The Las Vegas Social Security Office is at 300 Las Vegas Blvd. South. The phone number is 385-6371. The North Las Vegas Social Security Office is 2031 McDaniel Street.

ARE YOU POURING EXTRA MONEY IN YOUR TANK?

If you are averaging approximately 12 mpg your extra money is being poured right in your tank. The Toyota Corolla Deluxe squeezes lots of miles out of a gallon of gas. It lets you put your extra money somewhere other than your tank. In fact...in Environmental Protection Agency tests the Toyota Corolla got 33 mpg. In city driving...at least 27 mpg. The Toyota Corolla Deluxe gives you economy plus luxury.

You have a choice of 6 Corolla models. It's funny...none of them look basic and inexpensive...economy never looked so good. And all that extra money doesn't end up in the tank.
