

Revamping of the Court System

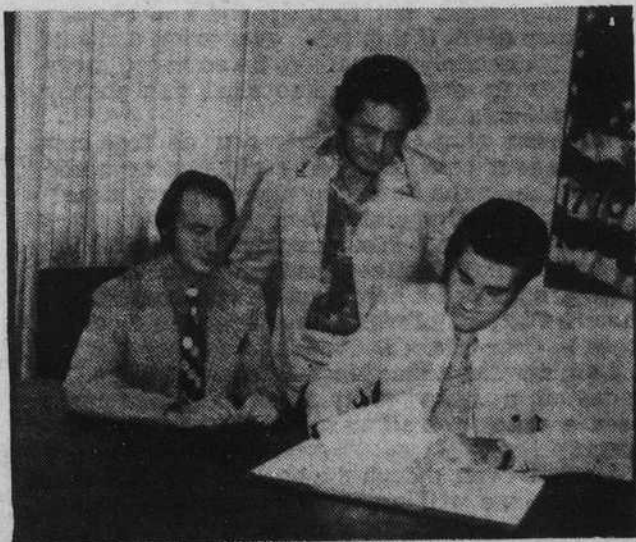

Clark County Commission Candidate, George Franklin has called for a revamping of the court system so that anyone arrested of a misdemeanor, is simply given a citation and a date to appear in court.

"It just makes good sense that with the overflow in our jails, and with the shortage of police officers, a good citizen who is arrested for a misdemeanor, shouldn't be arrested," Franklin said.

It would mean that if a man or woman was arrested for driving under the influence of alcohol, then his car may be impounded, however, he would be sent home in a cab, or driven home by the arresting officers.

A citation to appear in court would be issued, and the person would be tried for the misdemeanor.

Franklin, a longtime Nevadan, is opposed by Sam Bowler, a newsman.

SIGNIFICANT WESTSIDE IMPROVEMENTS -- Mayor Pro Tem Ron Lurie, right, is shown signing a contract for rehabilitation of the Westside School at Washington and "D" Streets. The signing is witnessed by City Federal Funds Coordination Director Bruce Spaulding, left, and EOB Executive Director J. David Hoggard. Hoggard cited the significance of the grant in improving the West Las Vegas community and indicated the contract as tangible evidence of the commitment of City officials to the betterment of the Black Community. Under the architectural direction of Zick and Sharp, it is expected that Phase I of the project will be completed within 120 days following bid awards.
