Epic Records Teams The Jacksons With Kenneth Gamble And Leon Huff

REDD FOX

Due for release in mid-October is a new Epic single by The Jacksons entitled "Enjoy Yourself" written and produced by Gamble & Huff. In commenting on the album, Michael Jackson said: "All of us in The Jacksons have respected Gamble & Huff's musical talents for a long time and the combination of our efforts has been terrific. We are all looking forward with great anticipation to working with them again." The teaming of The Jacksons with Gamble & Huff on Epic Records is an auspicious one. Gamble & Huff have proved time and again with such acts as the O'Jays, Billy Paul, Harold Melvin & The Blue Notes, MFSB, and most recently, Lou Rawls, that they are able to expand into musical markets that black performers have never had access to before. The Jacksons are already proven superstars and now with this new amalgamation, music business history is ready to be made once again.

Redd Foxx heads the list of "victims" scheduled for the next brace of Dean Martin Celebrity Roasts to be videotaped at the MGM Grand in October. The senior Partner of Sanford and Son will face the barbs of a yet-to-be selected celebrity panel Friday, Oct. 29th. All taping sessions will take place in the Ziegfeld Room and will begin at 4 p.m. each day. Seating will begin at 3 p.m. for each day's show. Tickets will be distributed to guests at no charge - from the Cashier's Cage each day.
