

### Paher Voices His Opinion

Stanley W. Paher, candidate for Assembly District 8, today voiced his positions on issues involved in the current campaign. The announcement came after Paher's opponent declined an invitation to debate the issues publicly.

Mandatory sentencing for specific crimes heads Paher's list of objectives. "We need to strengthen capital punishment and impose res-

trictions on parole boards. Life sentencing without parole must be exactly that," he said. Paher also favors heavy penalties for users of lethal weapons..

Paher, although favoring enforcement of present laws relative to equal rights, stands firmly against the E.R.A. Noting his opponent's stand on E.R.A. and strong support of consolidation

without a vote of the people, Paher has once again extended a debate invitation.

"My opponent has introduced legislation that places him in a definite conflict of interest," he said. "I would also like to discuss before the voters his general ineffectiveness as Commerce Committee chairman."
