

**Add this handy accessory to your sewing machine for just a few cents a day.**

I love to sew. Sometimes I'm in here half the day. What a bother it was to drop everything and run for the telephone.

No more. I just got an extension phone. Believe me, it's just as useful in my sewing room as my sewing machine. And the phone's really a bargain. It costs just pennies a day.

Wherever you spend a lot of your time, you need an extension phone. Call your Centel business office to order the phones you need. Why run all over the house?
