VA WAIVER OF PREMIUM PAYMENTS

VA Administrator, Richard L. Roudebush said today more veterans are becoming eligible for waiver of the GI Bill life insurance premium payments because of physical disabilities.

The VA chief reminded veterans that "all National Service Life Insurance policies beginning with World War II provide for waiver of premium payments in some instances of total disability.

"A veteran having this insurance may not be required to pay premiums if he or she becomes totally disabled before reaching age 65 and the disability has existed for at least six consecutive months," he said.

But Roudebush cautioned veterans that the waiver of premiums is not automatic and must be applied for.

He said there are currently more than 157,000 veterans who have insurance on which the premiums have been waived due to total disability.

"As the age of the World War II veterans increases, more of them are becoming totally disabled. For example, during the year ending November 1, 1976, more than 24,000 insured veterans applied for waiver of premiums because of total disability," he said.

'Total disability' for VA insurance purposes means that the veteran is prevented from working because of that disability.

Roudebush reminded veterans that they make timely application for waiver of premiums because "refunds of premiums already paid after the onset of disability are usually limited to one year prior to the filing of the claim."

For additional information and application forms, Roudebush advised veterans to contact the nearest Veterans Administration office or write to the VA center which handles their insurance.
