

DEE DEE BRIDGEWATER

Two stellar acts appear on Soul Train this weekend -- K.C. and the Sunshine Band, of "Get Down Tonight" and "Rock Your Baby" fame, and Tony Award winning singer, Dee Dee Bridgewater.

Harry Wayne Casey, the "K.C." of the Sunshine Band, and Richard Finch, originators of the group, write, produce and perform their own material which includes, "That's The Way I Like It," "I Like To Do It" and "Shake Your Booty," their Soul Train selections.

The nine-man aggregation is a hard driving innovative band of Black musicians, with the exception of Casey and Finch, who developed their "Miami sound" near the Hialeah, Florida, racetrack.

A vocalist earmarked for stardom, Dee Dee Bridgewater brings a wealth of talent to her renditions of "Going Through the Motions" and "My Prayer."

Before earning the Tony Award as best supporting actress for her portrayal of Glinda in the Broadway play "The Wiz," she had earned an international reputation as a jazz singer. Mrs. Bridgewater is now living in Los Angeles where she hopes to pursue an acting and recording career.

**The Pet Candle,
Florida's
Answer to
the Pet Rock**

Coral Gables, Fla. -- Pet Candle Inc., a Coral Gables, Fla. based firm has recently developed a fascinating new product, the Pet Candle which comes with a complete set of operating instructions to train the Pet Candle to sit up, stand, light up, and fly.

The Pet Candle with full operator's training manual is available in three sizes: small \$1.50 - medium \$2.75 - large \$3.95, all postpaid.

Pet Candle Inc., 110 Giralda Avenue, Coral Gables, Florida 33134.

Could this really be Florida's answer to the Pet Rock?

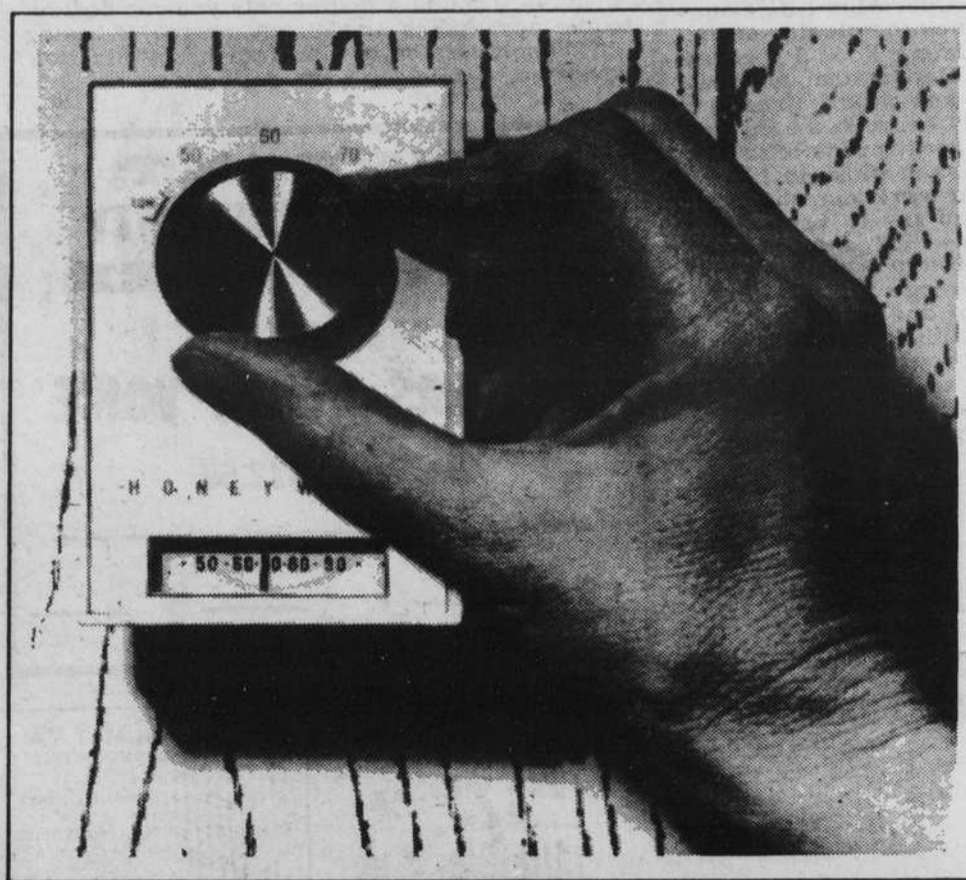

**WANTED -
Recreation and
Game Equipment**

The Latino Youth & Family Outreach facility, a SNDAC program, is in need of recreation equipment and games for their bilingual drug abuse prevention program.

The announcement was made by Latino Director Vivian Martinez who said the program has no fund to purchase such things as bumper-pool and other ball games, a ping-pong table, stereo or tape-player, records and similar items which provide activities for fifth to eighth grade students who are trying to remain drug-free.

Local residents with items to donate, are invited to contact Dee Bower at SNDAC, 731-1705.

Conservation:

Reduce the thermostat setting in your home from 74 to 68. It can save up to 32 per cent of your winter heating energy.

For a free booklet or additional information about conservation call our energy management people at 385-5888.
