Dr. Kenny C. Guinn, Superintendent

Dear Phi Delta Kappa Members,

The Sixth Grade Center Kindergarten Staff and I are extremely grateful to all of you for your donation of \$100. We consider ourselves very fortunate for having been selected the recipient of such an honor.

Our students at the seven Sixth Grade Center Kindergartens are in great need of play equipment, for both in and out of doors. The seven Sixth Grade Center Kindergartens are for the most part, located on the Westside with a student population that is predominantly black.

Although the Clark County School District is aware of these needs, I was recently told that the District could not or would not install the play equipment at most of the Kindergarten Centers.

I am committed as the principal of the kindergarten youngsters to see that they get the best education possible. Many people have stated their interest in these children, but only you, Phi Delta Kappa have shown your interest by lending your support. I am still going to try and get the CCSD to at least install some play ground equipment in these kindergarten areas. If the District doesn't come to our rescue, I'll go to the community, as I am positive that these parents have a great investment in their children's education.

Rest assured, that the money you've donated will be spent in providing more things for our children.

Thanks again to all of you for your interests and concerns in our children in the Sixth Grade Center Kindergartens.

Sincerely,

Arthur C. Jordan and  
Sixth Grade Center Kindergarten Staff
