

### Comunity College

The Nevada Economic Development Company and the Small Business Administration have enjoined with the Business Department of Clark County Community College through the Division of Business Services to present a six weeks business course to strengthen current business procedures and instruct new techniques of operation for the small businessman. The course will utilize professionals from the communities business and professional sectors. The courses will cover business plans, financing, bookkeeping, accounting, recordkeeping, inventory techniques, legal structures and their comparative tax advantages, how to best utilize your advertising dollars, personnel management, insurance and pension funds. Bob Bailey, Director of NEDCO and Bob Garrett, Director, SBA District Office, along with Clark County Community College have designed this course in the belief that the subject matter focuses attention on those most pertinent areas of management and technical assistance needed by the average small business entrepreneur in our area. The course will start on the 15th of February thru March 22, 1977.

Registration fee is \$10.00 which will be paid to the Board of Regents.

### MANY THANKS

The Voice would like to thank Dr. & Mrs. Barlow for donating the wheelchair to the Butler family for their son, Gerry Butler, who was wounded and paralyzed at the Spider Web Club some weeks ago. The Las Vegas Voice also would like to thank Mr. Dan Curtis and Mr. Bates for their support in donating their band and \$145.00 in cash to this occasion and all of the Town Tavern Staff for their support. Had it not been for Mr.

Curtis and Dr. & Mrs. Barow, it would not have been a great success. There were other monies donated, but only the owners of the Spider Web Club knows the names and amounts of the donations. The publisher, Lawrence Albert, feels that we are now getting together to help one another. Please come out to the New Town Tavern and support the fund raising drive for Operation Life this coming Sunday.

HOOKS (Continued from page 4)

But in ancient times slavery was not seriously questioned. Why raise such a question when this was the will of the Gods? It would be as futile as questioning the wisdom of the one on high if one was born deaf or dumb, or blind or lame or halt, or maimed or slave.

So I must say it: Sometimes we become so preoccupied with our present status that we forget one salient and irrefutable fact: Never in the history of this world has there been real equality or full democracy.

And those who think otherwise, simply misread history. It is, however, to the credit of the human race, that we have never ceased to seek the full realization of both.
