an open letter to all senior citizens who are suffering financial hardships.

Runaway inflation has had a devastating and crushing effect on Senior citizens, this situation has assumed crisis proportions.

Apartment rents, house rents, mobile park space rents and food prices could possibly double in the near future.

The "Save our Senior Citizens" committee, has been created to conduct a feasibility study to determine how many Senior Citizens are interested in a Senior Citizens park, a co-op non profit organization for all races and creeds, consisting of:

A co-op Food Center - lower food prices.
For mobile home owners - A section for mobile lots, no downpayment with the possibility of free mobile home moving.

For apartment and house renters - A section for low rentals mobile homes.

For recreation vehicles - space rentals.
Asocial hall and nurse and medical assistance.
The "Save our Senior Citizens" Committee urge you to assist and participate.

Could possibly force many Senior Citizens on the welfare rolls and the use of food stamps.

CONTACT: "Save our Senior Citizen" committee.
