

Why make someone cry over a cut cable? Call Centel before you dig.

Call Centel at 385-3651 before you dig or trench.

We'll send someone out to your site right away and tell you if there's any underground telephone cable where you're planning to dig.

That's the best way to avoid cutting a cable by mistake and putting maybe hundreds of phones out of service.

Phones that people may need to use for emergencies. Like calling the fire department.

Or the police. Or for an ambulance.

So take a few minutes and give us a call before you trench or dig. Don't make a terrible mistake when you can make a call instead.
