To all concerned citizens, I feel that as President of the board of Directors of the Delmonico Neighborhood Association that I owe you the Community, an explanation in a very serious matter, involving the Program. Some time in late 1976 the Officers of Delmonico without a proper election, selected me as Chairman of the Board. I did not visit the Office a half dozen times, in fact the only time that I went to the Office was after I received phone calls that the utilities would be cut off. After seeing the charter in May 1977, I did not see anything in it for a Chairman. So we called an election, fifteen people were elected, with me elected President of the Board.

In order to protect the new board, I began to inquire into the financial aspect of the program. After being told there were no records, I asked for the check book; this is when I became suspicious of the mishandling of Federal Funds. I immediately called a board meeting and reported my findings to the Board. The Delmonico Neighborhood Association is now under investigation and as soon as the investigation is complete we will have facts and figures.
