At your written request your name can be withheld.

OPEN LETTER TO: Clark County Commissioners & Las Vegas City Commissioners & The Public At Large

On 6-17-77 on the front page of the Las Vegas Israelite was published a story entitled "Legalized Prostitution" by the editor Jack Tell.

The opening paragraph in that article is quoted as follows: "The purpose of this, and subsequent columns is to convince the Clark County and Las Vegas Commissioners, and the public at large, if popular vote becomes necessary, that legalized prostitution would be a tremendous advantage for Las Vegas".

King Solomon, who I believe was inspired by God, wrote the book of Proverbs in the Old Testament Bible. King Solomon had some strong things to say about prostitution and I would suggest that everyone read the First ten chapters of Proverbs from the Old Testament, if they want to get their head on straight.

SPECIAL ANNOUNCEMENT

Dear Friends of Greater Las Vegas: I would like to invite each of you to attend our daily prayer service. God has given me to call this prayer time **REVIVAL AT NOONTIME**. Our services are daily from 12:00 noon until 1:00 p.m. We are praying that God will bless our city and bring many souls to the saving grace of our Lord Jesus Christ. Our location is the:

Greater St. James Baptist Church
311 Madison Street
Las Vegas, Nevada 89106
Call in prayer request at 647-1445.
Remember, I am praying for you.
Rev. Donald E. Blake
Pastor, St. James B.C.

HOLMES & NARVER, INC., has immediate requirements at the Nevada Test Site for:

DESIGNER ELECTRONICS

Any combination of Communications/Electronics training and experience equivalent to 2 years of college plus 5 years' design and drafting experience in Communications/Electronics, security and fire alarm systems, and scientific cable/connectors.

MT/ST-MC/ST OPERATOR

High school graduate or equivalent plus 2 years' general typing or stenographic experience including 6 months' experience in the operation of the IBM MT/ST-MC/ST and complementary equipment.

Qualified applicants should call (702) 734-3486 between 7:30 a.m. and 4:30 p.m. or apply in person to:

DONNA NEESE
HOLMES & NARVER, INC.
Department I
2753 South Highland Drive
Las Vegas, Nevada

U. S. Citizenship Required.

An Equal Opportunity Employer M/F
Handicapped Hired.

My suggestion to Mr. Tell is to follow Proverbs 10:19 as I quote from the Living Bible as follows: "Don't talk so much. You keep putting your foot in your mouth. Be sensible and turn off the flow!" I believe that this is the best advice for his subsequent columns he proposes.

Sincerely for God's ways,

Don Hancock

WEST LAS VEGAS COMMUNITY WANTS A SKATING RINK

For those that signed the petition to get a skating rink for the West Las Vegas Community and anyone believing a skating rink in West Las Vegas will be physically and socially an asset to the community, there will be a meeting with City Officials July 5 (Tuesday) at 12:00 Noon at the T & C Skating and Social Emporium, 798 No. A. St. to give the public a chance to see the skating rink, voice your opinion, and show that you really want a skating rink for the West Las Vegas area.

refreshments will be served, so come out and support the growth of your community. From A Concerned Citizen of West Las Vegas

Please use as little electricity as possible from noon til 9 p.m. these summer days

This chart shows how much power was used throughout the day of July 8, 1976 when Nevada Power Company's customers set a new record for power usage. It is called the daily "load curve." You can see how the demand for electricity started climbing about noon to its peak at 4:00 P.M. and then held until about 9:00 P.M. before it slackened significantly. These hours — noon 'til 9:00 P.M. — are "peak hours," the time when our generators are delivering their maximum.

You may have read news stories recently of the possibility of "rolling blackouts" in the West this summer. If they occur, it will be because a utility company cannot provide enough electricity to meet its "peak."

Nevada Power does not anticipate such a problem this summer. But if we have a substantial heat wave coupled with a major breakdown of generating equipment in one of our plants, it could bring our system to the brink. That's why we are asking your help. If at all possible, please schedule all power usage such as dishwashing, laundry, baking, etc., before noon or after 9:00 P.M.

There are many things you can do around your home to conserve. We've written an easy-to-read booklet that contains more than forty specific suggestions. Please call us (385-5011) for a copy, or pick one up at any of our offices, at 4th and Stewart, the Boulevard Mall or Civic Center Plaza.
