

Pressure Check--Maretha Scruggs of Blood Services checks the blood pressure on Centel installer James Broden during Centel's recent blood drive. Broden was one of 327 Central Telephone Company employees to donate blood during the drive.

**BLOOD DONORS**

Central Telephone Company employees donated 327 pints of blood to the community during a two-day blood drive at two company locations last week.

John Schwartz, Director of Blood Services, said it was the largest company collection this year, and came at a time when it was vitally needed. During the summer months regular donors usually go on vacation and supplies of blood fall below comfortable levels.

The staff of Blood Services worked into the early morning hours to process the record total of blood for use in area hospitals. After the blood is classified, tested and processed, it is stored in refrigerated containers. The blood is separated into its components during processing, to provide more efficient usage.

For example the red cells can be transfused to a patient undergoing vital surgery while the plasma can go to a burn victim.

The blood was collected at the company's warehouse complex on Spring Mountain Road, and at their 601 Fremont Street offices. The drive was organized by Centel's Industrial Nurse Doris Hinderliter.

**Concert**

The melodic sounds of chamber music from the Renaissance period to the upbeat flavor of today's musical presentations will be offered at a free concert under the direction of Bill Geyer and his classical brass quintet, Sunday, August 14. The 2 P.M. concert begins at the Senior Citizens Center at Las Vegas Blvd, No. and Bonanza and is co-sponsored by Local 369, Musicians Performance Trust Fund and the Senior Citizens Center.

**For The Week**

*"In the presence of God there is fullness..."*  
—Psalm 16:11

1. "Fulfilling our lives." How many of us think of our life's purpose or goal in terms of fulfillment? Most of us have lesser goals. We are to fulfill our forefathers' hopes. We are to fulfill our children's expectations of a worthy example. We are here for fulfillment.

3. "Fulfilling God's purpose." Things are said to be broken, defective or in disrepair whenever they do not

fulfill the purpose for which they were made. Persons are said to be ill when they do not tick as they should. Is your life ticking, as its Maker designed?

3. "God's fulfillment is joy." The Psalmist reminds us that "in the presence of God there is fullness of joy." Whenever we do what we are designed to do, we overcome illness and disrepair and find only the "fullness of joy."

**Jehovah's Witnesses**

Some 2300 of Jehovah's Christian Witnesses will attend a two day assembly on August 20, 21 1977 in the South hall of the Convention Center, here in Las Vegas, Hollis Hunick local spokesman for the group said.

The theme of the assembly will be "Entering a Large Door leading to Activity." Those attending are looking forward to hearing the featured talk, "Follow the Way to Life," by District overseer W.A. Tracy, at 2 P.M. Sunday, August 21. Mr. Tracy has been serving as one of Jehovah's witnesses since 1935. He is a graduate of the 3rd class of the Watchtower Bible School of Gilead. He served as a missionary and branch overseer in Guyana, South America, and has traveled extensively as a District overseer and lecturer in the United States.

Other portions of the two day meeting will cover subjects, such as "We Ought to Be Teachers," and "Recreation That Satisfies a Godly Heart." The public is invited free.
