Mr. O.B. Thomas, EOB Transportation Program driver and Mr. Bob Lee, Homemaker Health Aid Program are shown here helping Mr. Enoch Henry from his home to his place

EOB

The Economic Opportunity Board of Clark County offers a new service for the Handicapped and Senior Citizens of Clark County. On July 25, the Economic Opportunity Board's Transportation program, in cooperation with the Clark County Social Services Homemaker Health Aid Program, joined forces to support the Handicapped and Senior Citizens residing in Clark County. The new program involves providing an Aide to go along on the wheelchair vans to assist those persons needing help in the use of the van. Aides have been trained to help the handicapped from their homes to the van and to take the person to their doctor's office and see that they are taken directly to the receptionist. On the return call the rider is picked up from the doctor's office and returned to the van and home. This program is a great help to those persons confined to a wheelchair or living alone with no one to lend a helping hand.

The Transportation program of the Economic Opportunity Board performs services for 275 to 300 handicapped and Senior Citizens a day. The Transportation program's 3 wheelchair vans, 7 normal passenger vans, along with one stationwagon reach out as far as Henderson, Goodsprings, Boulder City, and Overton, which is located 70 miles from Las Vegas. Each van covers more than 37,000 miles per year.

The Transportation program is staffed with 22 people, seventeen of whom are drivers.

of employment with the aid of a new wheel chair van. The wheel chair van is a new innovation in the Transportation Program.

The program also transports veterans to the Veteran's Clinic at Rose de Lima Hospital in Henderson on a daily basis. Mr. Bill Haynes, Program Supervisor for the Transportation program, stated that: "We have found some people using the service that have not had a chance to leave their homes for years, but now, thanks to this additional service they have been able to go out to their doctor's office, and a few have even ventured out on the town to go shopping and enjoy some social affairs."

For more information regarding additional services offered by EOB's Transportation program, call Bill Haynes, 648-5525.

WCDC

The Westside Community Development Commission will hold its September Board of Trustees meeting September 13, 1977 at 7:30 p.m. in the Commission's office at 330 West Washington Avenue, Suite 11 (old Westside School), according to H. P. Fitzgerald, Commission Director.

The Westside Community Development Commission is a community coordinating organization funded by the City of Las Vegas Department of Funds Coordination and Projects. The office acts as a liaison unit between the City and the West Side area. The group's primary function for the remainder of the 1977 calendar year will be to conduct a citizens survey to determine how Block Grant Funds can best be used in 1978 to upgrade the West Side area, Fitzgerald said.
