

YOU AND THE STARS

by Sylvia Hairston

December 15-21

The following is a special section of *You And The Stars* which examines various astrological phenomena from a black perspective. Perhaps you may not agree with my conclusions, but I hope you will agree that this aspect of *You And The Stars* does make it especially for Black America.

BLACKS AND THE DAWNING OF THE AGE OF AQUARIUS

(Continued from last week.)

The World

Uranus is now in a transit of Scorpio. This transit, which will continue for the next three years, is of great significance for the whole world because of the explosive changes this transit brings in its path. Both Uranus and Scorpio are signs of extremes. Since Uranus rules Aquarius, an air sign, its actions are sensational, while the extremes of Scorpio, a water sign, are emotional and deeply intuitive. This combination can, rightly, be called the most explosive imaginable.

During this period of the Uranus-in-Scorpio transit, we may look for the beginnings of religious thought that will some day characterize the Aquarian Age. Uranus rules science and the occult; while Scorpio is the unknown and depth. With this in mind note how we are becoming more and more dedicated to environmental survival and more practical (in the sense of developing programs) toward the individual's need to survive. As a

result, the world will see an increase in democratic socialism where black peoples are concerned.

The Nation

Early in December this Uranus-in-Scorpio transit made an adverse aspect in the nation's chart. This was the first of three such aspects that will occur during this Uranus transit.

During this period of Uranus-in-Scorpio political power will be shakier than ever. Authorities throughout the land will be generally held in disrepute. Those who are found guilty of misusing the public trust will be toppled. The conjunction of Pluto with Sun, Mercury, and Venus promises that militant action and tremendous pressure on the office of the President by minority leadership to overcome severe minority unemployment will continue to be part of the national scene. (To be continued.)

ARIES — March 21-April 20
Mars, your ruling planet, is now moving through your romance sector. You are aggressively seeking romance and will, probably, find it.

TAURUS — April 21-May 21
Taurus can be reserved and undemonstrative in their love life as they are in other areas. The current Venus-Mars trine makes the atmosphere generally harmonious, so you may engage in some casual flirtations.

GEMINI — May 22-June 21
Venus is in your sector of personal and partner relationships and is backing the Sun's influences in this area.

This encourages close involvements.

CANCER — June 22-July 22
Pleasurable pursuits top the list of activity for Cancerians during this period as Venus sweetly invades the romantic area of your chart. You may become carried away by passionate and amorous feelings.

LEO — July 23-August 23

Venus will be getting it all together on your romantic scene from the fifth until month's end. Now that repressive Saturn, after a two year stay, has moved from your sign, your buoyant, romantic nature may be making up for lost time.

VIRGO — August 24-September 23

Now that that old school teacher, Saturn, has entered your sign, indications are for friendship rather than love.

LIBRA — September 24-October 23

This probably has not been your best year in the romantic field. With your sign now favorably aspected by the Venus and Mars trine to two fire signs, you will undoubtedly be a recipient of all the love and affection that's in the air.

SCORPIO — October 24-November 22

The current Uranus in Scorpio period may see you developing very unusual, for those of your sign, concepts and ideas about your romantic life.

Conflicts which may have affected your love life all year should ease up now, as the Venus influence is felt.

SAGITTARIUS — November

23-December 21. HAPPY BIRTHDAY!

If you have a birthday this week you have a very sensible philosophy of life. You combine spirituality, common sense and intelligence in the conduct of your affairs.

During this period, your ruling planet Jupiter in your marriage and partnership sector will have a special influence on love, friends or engagements. Good things should come your way with the two planets of luck, Jupiter and Venus, in your sign at the same time.

CAPRICORN — December 22-January 20

You will find this a highly stimulating period as far as the opposite sex is concerned. Your sector of social commitments is favorably aspected, which is almost an assurance of an enjoyable social period.

AQUARIUS — January 21-February 19

Benevolent Jupiter is now in your romance and love sector, and it will remain there until April. During this period you should experience an expansive cycle of love and pleasure that will be emotionally and psychologically satisfying.

PISCES — February 19-March 20

The old task-master, Saturn, slipped into your marriage and partnership sector last month and you may see the end of an intimate relationship. This could be for the better, as it may never have been compatible.

Cultural Center

The Nubian Kefentse Kultural Kommunity, a newly organized Black and Afrikan-oriented arts and cultural center announced the dates for the grand opening this week. The ceremony will be held on the 17 December 1977 from 12 noon until 5 PM. The center, opened and operated by grass roots members of the Westside community, will place a heavy emphasis on the positive role of art and culture in daily life.

The center will feature seven-day-a-week art exhibitions and a full agenda of cultural classes and workshops. The accent is on youth but many classes and workshops will offer subject matter geared to adult interests. Class enrollment information is available to the public daily from 11 AM until 4 PM at the center which is located at 1830 North Highland Drive (S.E. corner of Highland and Jimmy.)

During the grand opening festivities the greater Las Vegas community is invited to view the art of local Black artists and to enjoy a program of dramatic recitations and Black-oriented film presentations along with refreshments.

Earsul 'Mike' Banks is the Paramount Chief of the group. Wazir Aziz is the Protocol Chief, Dave Washington is the Image Chief, and Orlando Hogan is the Chief Scribe. Beni Casselle is the Kommunity Elder and Spiritual Advisor. The organization is founded upon the belief that the family unit is the basic building block needed for a strong and progressive future community. In this light all the members fully involve their families in the center's activities.

ST JAMES BAPTIST

A WORD TO THE WISE

Proverbs 15:1-10

1. A soft answer turneth away wrath; but grievous words stir up anger.
2. The tongue of the wise useth knowledge aright; but the mouth of fools poureth out foolishness.
3. The eyes of the Lord are in every place, beholding the evil and the good.
4. A wholesome tongue is a tree of life; but perverseness therein is a breach in the spirit.
5. A fool despiseth his father's instruction; but he that regardeth reproof is prudent.
6. In the house of the righteous is much treasure; but in the revenues of the wicked is trouble.
7. The lips of the wise disperse knowledge; but the heart of the foolish doeth not so.
8. The sacrifice of the wicked is an abomination to the Lord; but the prayer of the upright is his delight.
9. The way of the wicked is an abomination unto the Lord; but he loveth him that followeth after righteousness.
10. Correction is grievous unto him that forsaketh the way; and he that hateth reproof shall die.
