

Urban League

Akron Community Service Center and Urban League adult business students and instructors gained an on-the-job insight into BFGoodrich Company secretarial operations during a recent visit to the BFG World Headquarters in Akron. The 38 students, who toured the Goodrich facility, are currently receiving 12 weeks of intensive secretarial and 24 weeks of intensive accounting instruction at League's ASSET Training Center. Visitors, Kathy Morgan (left) and Bethel Juniel (right), together with ASCL-UL instructor, Charles Dragomir, observed transcription techniques as demonstrated by BFG supervisor, Doana Neff. The Akron Community Service Center and Urban League, which receives its funding from United Way and CETA, is an affiliate of the National Urban League. The League sponsors and conducts numerous economic and community development programs, citizenship education and individual skills training and development programs.
