I was quite surprised to see on page six of this weeks paper, dated February 19, 1978 that Mr. Leonard Mason so carelessly handled the truth in his column, "Two Party Corner", in regards to my personal life and party affiliation. In the first place if Mr. Mason wanted to pry into my personal life. I feel that he should have contacted me before he misconstrued the truth.

The records in the Clark County Courthouse will reflect, that I am a registered democrat and am a member of the democratic central committee and have been for quite a while.

I have no personal problem that would prevent me from filing for the office of County Commissioner. The only thing that will stop me from filing for the seat is, if a group of Black people file for County commissioner. I will not be one of those to split the West Las Vegas Votes and let someone from the "other side of town get in."

Sincerely,  
Joseph Prudhomme

Dear Mrs. Windom:

I wish to express my sincere thanks and appreciation to you and members of your organization for the education scholarships awarded Gregory Hurd and Sandra Gray, both Las Vegas High School graduates now attending Texas Southern University in Houston, Texas.

Without your assistance it would be financially impossible for these two deserving students to continue their education.

Again, thanks for your help and consideration.

Respectfully,  
Charlotte E. Cook, Counselor

in the Republican party. If this is true, then we must be very careful where we place our commitment and trust.

**VOTE FOR THE MAN/WOMAN**

It is obvious that we as Black people should forget about labels when we vote and vote for the man because labels don't deliver, men do. Very soon we will have to make some choices on who we are going to vote for. To vote is too important to just vote for a label and a vote is too important to be taken for granted. We all need to study the men/women that are running for an office and judge his/her action and what he/she has delivered. We must make demand on these people if they want our votes.

Finally, if you have not registered to vote, please do, regardless of the party you register with -- your registration can and will make a difference. I leave you with this simple statement, "to be taken for granted is man's greatest inhumanity to man."
