

Push your way into conversations, faster.

With a Touch-Call Phone.

With a Touch-Call phone, you don't need to make circles with the dial.

You just make time with the little buttons. Very convenient when you can't wait to say something important to somebody. And Touch-Call phones add as much contemporary elegance

to your home as they add convenience to your conversation. They come in a wide range of handsome decorator colors and styles. Just check the back cover of your telephone directory. And call your Centel Service Representative for details.
