Robert O. Gibson Jr. High

Hi, I am Sandy Brown, I am a ninth grade student at R.O. Gibson Jr. High School. I have attended Gibson since seventh grade, as a student I have participated in the following activities; Human Relations, G A A C, Gibson's Activity Association, Band and Track. I've enjoyed being at Gibson, because the Teachers, Administrators, and students are all friendly and concerned. My favorite teachers are, Ms. Revert, Mrs. Gordon, Ms. Jones, Mrs. R. Lee and Mr. Pitts. Although all my other teachers are super, but these are the outstanding ones to me. The Counselors, are superior especially Mrs. Rhem. Mrs. Rhem, has been my counselor since seventh grade, she takes time out to help those who try, and if you are having problems at school with friends, teachers, or classes, she tries her best to help you. I have been on the Honor Roll since seventh grade, with a 3.3 to 3.7 average. This is my last at Gibson. I plan to go on to Clark or Western High school. To me these are the best high schools. The reason for one or the other, it depends on the classes I want to take. The activities I am planning to participate in is Cheerleader, Song Leader, Soul Club, Basketball and Track. After high school I plan to go to college, to UNLV or Oral Roberts University. My final plans are to become a registered nurse. At present I am taking training at Southern Nevada Memorial Hospital, doing volunteer work, as a Junior Pre-Med. I go to class every Monday night at 7:00 in the first conference room. I am a Libra, born October 10th. My favorite food is Mexican. Songs are Our Love, Always and Forever, Jack & Jill, The Closer I get To You. Favorite cars are Formula, Trans Am, Datsun 280 Z, and Cobra II.

My name is Richard Salgo and I am a 14 year old, ninth grader. My favorite hobby is drawing. I like to design machines such as engines and cars. My favorite sport is tennis. Last year, I was ranked ninth in Southern Nevada, but so far, this year, I am ranked second in Nevada. When I get older I plan to be a professional architect.

My name is Chynette Nealy. I was born in Texas on August 17, 1963. Therefore, I am a "Leo." I came to Gibson in the 7th grade and have been ever since. Now, I'm in the 9th and I've participated in every sport since the 7th grade. I'm doing the same thing mainly basketball. I also participate in Student Council which I think every student should be in, if they have something to contribute to their school. The honor roll is a nice thing to show you're learning something not just sports. I don't know why I made it twice but I hope to make it the last two times. My plan for the future is to continue my education by going to college and become either a policewoman or a teacher. R.O. Gibson Junior High School is a great school to go to for sports and education. With the help of the faculty and the students I think we have made Gibson the number one school in Clark County.

School District Human Relations Office Community News

Left to Right: Richard Salgo, Chynette Nealy, and John Pursel.

My name is John Pursel. I like music, sports, and girls. I like good foods such as shrimp and lobster, steak, etc. I plan to go to college on almost full-paid scholarship. It's going to be hard to do but I think I can. I'm interested in science too. Right now I can't decide what I want to be; professional musician, baseball player, or scientist of some sort. I have been playing the trombone for five years, guitar for three years, and baseball for six seasons. I was born here in Las Vegas in 1962. My mother works at the Clark County Court House and my dad teaches music at Rancho High School. My grandfather probably had the most influence on me when I was younger. He's really good doing things with his hands and I guess I inherited that trait because so am I. Whatever I do I hope I become rich and famous.

Maria Fernandez, David Macias, Loren Barber and Anthony Arrington were chosen to represent Gibson's Eighth Grade Honor Roll students who have made it for the second time.

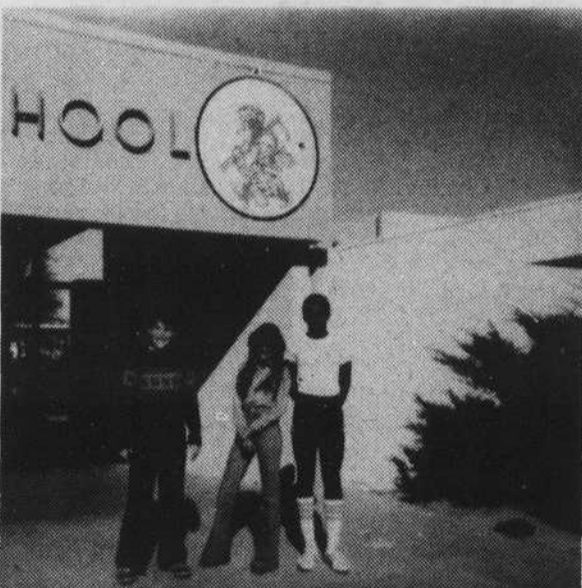

Maria Fernandez, a hard working student at Gibson puts out her best in doing her homework and takes out time for special activities. She participates in G.A.A., Human Relations, Art Club, and Pep Club. Her future plans are to go to college and become a registered nurse.

David Macias a 120-pound Aries, may not be active in school activities but is a champion skateboarder around the neighborhood. He is also on a bowling team.

Loren Barber, an eighth grade cheerleader, at present involved in sports but plans in the near future to be on the track team. Her future plans are to attend college and study being either a lawyer or a teacher.

My name is Anthony Arrington. I was born On July 27, 1964. I am a Leo and I am a native Las Vegas, and I have all the sports that Gibson has. Although I can't hardly get the chance to participate in the sports because I am studying for a test or just reviewing what we did in class today. I can't pick my favorite subjects because I like them all. And the teachers are all number "1" just like the students. I made the honor roll twice because whenever I'm sick or just tired of playing I review something that I think I might have the next year. That way I can prepare myself and for my future career. I really haven't decided on a career, mainly I want to be a carpenter and construction worker.

These students made the Honor Roll because they feel their education is important now and in the near future.

Left to Right: Marlan Coe, Tina Gonzales, and Kevin Bass.

I am Marlan Coe in the Seventh Grade at Gibson Junior High. I like to read, play basket ball, play soccer, ride bikes and swimming.

My name is Tina Gonzales, I'm 13. I like swimming, reading, hiking, gymnastics, and just going out and having fun. I really haven't decided what I would like to be when I get older. Maybe a stewardess or something to do with traveling. I guess what made me want to make the honor roll was hearing my dad say "You did real good." I think my goal would be to make valedictorian when I get in high school.

My name is Kevin Bass. Most people call me "Bass." I like swimming, bowling, tennis, and especially racquetball. What I want to be is a pilot for any airline. The reason why I got on the honor roll is because of hard work and studying for tests. Also because of getting good grades on my report card.
