

# WHAT YOUR STARS SAY

January 17-23

**ARIES — March 21-April 20**  
 Maybe your "I Am" energy should try a mental approach towards problem solving during the next three or four days. It also pays in the long run to care more about the feelings of others than the feelings in yourself. "Life is real... life is earnest."

**TAURUS — April 21-May 21**  
 In the guise of modern, technological society, you may be reliving those moments when you carried the Sun God back into the Sun after one of his rare visits to earth. Things are going well for you — just curb your instinct to hoard and to be selfishly greedy. The more you give, the more you have to give.

**GEMINI — May 22-June 21**  
 You have free time to gather your thoughts about you; soon you're going to have to pick up and get things moving in a right and final direction. Do not be afraid of making a decision. It's better to decide something than nothing. And after you decide, you must do!

**CANCER — June 22, July 23**  
 If someone comes to assist you with life's problems, accept this giving and be courteous. It is natural for you to feel that your sense of knowing is better than the well-reasoned judgments of an outsider, but you must also 'fess up to your total lack of objectivity. Reasoning can clarify feeling — sometime.

**LEO — July 24-August 23**  
 Sometimes a thing going wrong is not the fault of the

one who broke the promise, but the one who believed in the promise. Your desire for constant well-being forces people to deceive you just to keep you happy. You'll never build a strong Will co-opting yourself this way.

**VIRGO — August 24-September 23**

The good talks you've been having with yourself should have done some good by now. At least you're still thinking about getting out and getting over. Life is belief in the power of one's Will. Burn a white candle; meditate on the eternal peace.

**LIBRA — September 24-October 23**

The beautiful sometimes must suffer along with the unidentifiable and obsequious masses. Acceptance of this fact and a willingness to give to make others happy, successful, and secure, will place you on life's highest beauty pedestal. Practice does make perfect, but perfect practice requires discipline.

**SCORPIO — October 24-November 22**

Do not be so overcome by a petty anxiety that you allow your nerves to be attacked by the forces of evil. Rest when tired, be cautious with your body. The greater your desire to be great, the greater you will be. But true greatness resides in the heart, not in the ego.

**SAGITTARIUS — November 23-December 21**  
 Even the young get old, and

you are just beginning to realize that the way to preserve one's youth is to keep the heart free of fear and doubt. Accept all love gifts, and if giving, give to the ones who need the most. Benevolence glows in your character.

**CAPRICORN — December 22-January 20**

You may be experiencing a hot-blooded surge of energy, and running up and down roads getting things done at a tremendous speed. Do not neglect matters of health, beauty and love. It does not profit a man to gain if he's eventually going to lose it all via his own insensitivity.

**AQUARIUS — January 21-February 19**

as things start going backward for other people, you'll have the sense of clarified energy. The way you see could be the brightest and it could be the best, but those on your left side and those on your right side may not see the same. You must always consider others.

**PISCES — February 20-March 20**

You have often proven to yourself that things can and will go wrong if you do not reason and apply critical perspective to your judgments. If you're treading in lone or strange territory, keep an I.D. on you, and answer all strangers with a common prayer: "Peace be unto you."

## Your Personal MONEY Management

Before you take off on a holiday, personal or business trip, you should do some careful research to find the real travel bargains, advises The Consumer Credit Institute, a counseling service of consumer finance companies.

For example, all U. S. commercial airlines charge the same price for the same class of service, but there are many fares you may not know about. Ask the airline or travel agent what the lowest fare is and how you can qualify for it.

Another tip: Don't overlook the economics or convenience of traveling by train since over 1,500 trains serve more than 475 cities with rates that are less expensive than airlines. The family car can be the biggest bargain of all, but with the near completion of the federal interstate highway program, bus transportation has become extremely rapid from city to city.

### WALT'S CHEVRON
