Right is reserved to reject any or all bids.

Contractors desiring to bid on this work, if not already qualified under the State Law, shall file with the Dept. of Transportation at Carson City, NV not later than 5 days prior to the date for opening of bids, a complete application for qualification on form furnished by the Department. All requests must be made in writing on the standard printed form provided free of charge for that purpose by the Dept. of Transportation.

The attention of bidders is directed to the State Contractor's License Law requirement (NRS 624.230 as amended to date), that a contractor hold a valid license of a class corresponding to the work to be done. Requests for license may be directed to the Secretary of the State Contractor's Board, 328 So. Wells, Ave., (P.O. Box 7497), Reno, Nevada.

This is a Federal-aid project and as such, any contractor otherwise qualified by the State of Nevada to perform such work, is not required to be licensed nor to submit application for license in ad-

vance of submitting a bid or having such a bid considered; provided, however, that such exemption does not constitute a waiver of the State's right under its license laws to require a contractor, determined to be a successful bidder, to be licensed to do business in the State of Nevada in connection with the award of a contract to him.

The State of Nevada Dept. of Transportation will on its own initiative, take affirmative action, including the imposition of contract sanctions and the initiation of appropriate legal proceedings under any applicable State or Federal law to achieve equal opportunity of employment on Federal-aid Highway Projects and will actively cooperate with the Fed. Hwy. Adm. in all investigations and enforcement action undertaken by the Fed Hwy. Adm. In conjunction with the above statement, the Dept. of Transportation will not issue plans to an irresponsible bidder. Subsection (B) of the section 112 of Title 23 United States Code has been amended by adding at the end thereof, the following: "Contracts for the construction of each project shall be awarded only on the basis of the lowest RESPONSIBLE bids submitted by a bidder meeting established criteria of responsibility."
