

8th ANNUAL Motown Month

No way around it — Motown is still the number one R&B label. There's the greatest music of the past: The Temptations, Miracles, Jackson Five — the hot and recent: The Commodores, Bonnie Pointer, High Energy — and those that bridge the gap: Diana Ross, Smokey Robinson, Marvin Gaye, Stevie Wonder. And all of it — everything on the Motown, Tamla, Gordy & Soul labels — is on sale at Tower at 4.88 per LP disc or tape (7.98 list). Three revent releases from Diana Ross, Rick James, & The Commodores are 5.44 (8.98 list). Check it out.
