DIANA ROSS — Absolutely the Boss! Diana recently closed at Caesars Palace Maximus Room after a one week engagement. However, she will be returning later this summer. If you missed her this time, be sure to see her when she returns for she is truly electrifying.

She relates to everyone and totally captivates her audience. Diana sings with a song in her heart for all: The show as a fruitful, entertaining experience.

During the Las Vegas Full Moon while Diana was performing at Caesars, a television network recently showed her film, for which she was a nominee for an Academy Award, "Lady Sings The Blues."

There is nothing like the real thing, and seeing Ms. Ross in person really makes you appreciate this beautiful versatile lady. Diana gets an "A" rating from me for she truly is THE BOSS STAR of the entertainment world. Diana, keep reaching out for you definitely touch everyone's heart as the theme of your show is "Reach Out And Touch."

The Temptations gave the Ross show that Super Motown sound like the old days at the Regal and Tivoli Theatres in Chicago.
