

BISHOP E. N. WEBB TELLS US:

Things The Minority Can Do

BISHOP WEBB

These are the things that the Minority can do.

We should have a mass cleaning in the area where we live. We see wrecked cars and broken glass from one end of the street to the other.

Our social standards have not reached its Zenith when our community has to be police patrolled both night and day.

How can we go to success when our school grounds and University have become a battle ground between students, teachers, race and policemen. We go to jail and pay fines and just get out and do the same thing

over again. The Westside alone has paid enough jail fines and court costs to build an everlasting empire on the Westside that would be a credit to our community. We are yet

*"If my people which are called by my name... II
Chronicles 7:14*

paying fines because of our disobedience. We should guard against our conduct and stop paying unnecessary fines. Hold our money in our pocket and go on to a global success.

Our streets are lined with high power cars, Mark III and Cadillacs,

etc. when our children're hungry, ragged and dirty, starving for parental love and care.

We can look at Chinese youth who never pay jail fines nor court costs.

Neither do they tangle with policemen. They are building a reputation and respect in our country.

These things can be eliminated if we seek to work with our own hands and not destroy what the other man has gained.

In 1861 we had Abolitionists such as

William Lloyd Garrison, Elijah P. Lovejoy and John Brown and other Moderates who fought to free us from slavery. Now we want to make use of this freedom by using it for the betterment of mankind. We have freedom of speech, freedom of press and (freedom of work).

Because the dark cloud of impending evil for a mass extermination of the minority is lower and lower every day, something will have to give.

I was in hopes that the school integration would give us a strong coalition tie between the races, but

something is pulling us farther and farther apart. We are in battle today with the one who will help us tomorrow.

Now we as parents should come to a very definite conclusion that we will no longer let the children that we birth into the world cause us to drop our head in sorrow and shame.

The great Preacher Solomon said, "Righteousness exalteth a nation: but sin is a reproach to any people." Proverbs 14:34

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

This will be the start for a Global Success.
