

Lee Walker Discusses Politics

"Woody To The Rescue." Help Bennett! Help Chaney!

Now is the time for you two assemblymen to show your support to the community by giving SINCERE efforts to add another sincere person to the ranks that are concerned about OUR community.

This writer understands that you have a campaign of your own to run. But, let's face it, you CANNOT

afford to let this county commissioner race slip through your fingers as you permitted in the city commissioner race, because this might depend upon your winning or losing.

The community is taking a closer look at the two of you so, remember, if you don't help your own, DO NOT expect your own to help you. Fair?

Woodrow Wilson, glad to have you out front again. You will win, because I just finished

talking to Assemblyman Chaney and Assemblyman Bennett (smiles).

Plus, the total community will be coming out in droves to help and vote for you. I know they will, because they have been complaining about NO representation, NO voice in the chambers. Now that the opportunity presents itself, the good people of our community WILL NOT let this elective office escape through their (voting) fingers.

Woodrow Wilson, this

community needs you. We realize that we could not have found a better choice. We also believe that you will be an honorable, reliable candidate and most concerned about and with this community.

We as citizens of District "D" know we must get together and raise or donate monies to assure you a successful campaign. Most of all, we totally realize we MUST come out in great numbers, casting votes for

you as our new County Commissioner. In order for us to have a sincere commissioner with the direct concern for District "D," you ARE the only choice.

An Answer: Leonard Mason, this is not Sam Bowler country or COUNTY!

Question: Dr. Fitzgerald, what happened to the Las Vegas Beautification Committee? Of the old days? We need NOW days!
