## HOTEL COUNT

A recent tally conducted by the Clark County Business license department for taxing and licensing purposes shows there are 36,400 motel and hotel rooms in use in Clark County.

According to David Crosby, an analyst with the business license department, there are 37 resort hotels in the county and 121 motels.

A hotel is a facility where lodging, meals, entertainment and various personal services are provided, while a motel is usually less than 150 rooms and lacks extensive services.

The count showed that there are 26,693 hotel rooms and 9,707 motel rooms, Crosby said.

Another 323 rooms are under construction by the Hacienda Hotel and the Riverside Hotel and Casino in Laughlin, Crosby added.

The room count, conducted annually by the business license department, is used to determine and collect licensing fees and taxes.

# College Offers Gals' Workshop

Can men and women employed side by side in today's workforce establish productive, non-threatening — comfortable work relationships?

A look at the problems faced by working women and possible ways of dealing with them will be discussed in a panel workshop at the Women's Personal and Professional Development Workshop set for Saturday, September 20 at the Convention Center.

The development workshop sponsored by the Displaced Homemaker Center of Clark County Community College will open for registration at 9 a.m. in conference room D.

Fern Latino, director of the homemaker center at CCCC said even though more and more women are working side by side with men, old attitudes still prevail and women must look to themselves to help change those attitudes. Once prevailing at-

itudes are overcome, Latino said the relationship would become one of "working side by side with people rather than men and women."

Morning workshops will cover networking; career management; career changing; and making the most of leisure time.

A buffet luncheon will be followed by afternoon workshops on stress balancing; leadership and male/female relationships in the workplace.

Co-sponsors of the Women's Personal and Professional Development Workshop are: Business and Professional Women; American Association of University Women; League of Women Voters; National Organization of Women; and the Soroptimist Club.

Advance reservations for the workshop and luncheon are recommended. Contact the homemaker center at CCCC at 643-6060 ext. 272.
