MATT KELLY — WOODBURY ON THE MOVE

Al Brown, Coordinator
Human Relations

One of the goals of Clare W. Woodbury Jr. High School, is to develop a well rounded program of activities. To accomplish that goal, we are developing a variety of clubs, intermural sports and interscholastic athletic activities from which students will select and participate. We will also work with existing agencies and organizations to provide meaningful experiences.

One of the existing clubs at Woodbury is the Human Relations Club, sponsor, Fred A. McClellon. The Club will play an active role in promoting various projects and events for the school year 1980-81.

The Club and its membership will be involved in school activities and community projects throughout the year.

The Human Relations Club Sponsor, Mr. McClellon, is a ten (10) year employee in the Clark County School District and seven (7) years as a Human Relations Club Sponsor. Prior to his present position at Woodbury, as Counselor and Human Relations sponsor, he taught at Hyde Park Jr. High, for three years.

FRED A. McCLELLON

Hope Fletcher

HOPE FLETCHER is a sixth grade student at Matt Kelly. The daughter of Mrs. Ethel Fletcher and the late Percy Fletcher. Hope is a native Las Vegas, a Capricorn, of course. Before coming to Matt Kelly, she attended St. Christopher.

Hope, is very proud of the new school. She admires most the strict discipline at Matt Kelly, much the same as St.

Christopher. Chewing gum, and eating candy on this campus is a no no. In addition, Hope cites the programs are well organized at the school, the teachers are firm and Dr. Sherman, the Principal, is the greatest. Two of her favorite subjects are spelling and reading. Her favorite teacher, Mr. Brown, her Core teacher, is something special.

Hope aspires to graduate from high school, complete college, pursue a career in nursing and perhaps make life a little brighter for someone else.

I care not what subject is taught if only it be taught well.
