

## Homemaker Aides Needed

There is an urgent need for homemaker-home health aides in Clark County, it was announced today by Myla Florence, Project Director, of the Clark County Social Service Homemaker-Home Health Aide Program.

"We are recruiting individuals who want an opportunity to provide a public service and at the same time prefer employment with flexible scheduling, so they may meet other personal

needs. These people must, however, be willing to participate in a comprehensive one month training program which will meet eight hours a day for which they'll be paid \$3.73 per hour. It is hoped that the training program will begin mid-October."

She explained that upon completion of the training program the aides would be paid \$4.54 per hour. Duties include caring for handicapped, ill or elderly

persons unable to meet their own household needs, planning and preparing meals, marketing, light housekeeping and working within a plan of care developed by professional social workers.

Interested persons should contact Ms. Florence at the Clark County Social Services, 651 Shadow Lane, 386-4137 or the Clark County Personnel Department, 386-4565.

## Meet Fire Aide Callie Conway
