Don't be fooled by a party vote for Sam Bowler! Sam Bowler spit in our faces before, and as soon as the election is over—win or lose—Sam Bowler will spit in our faces again.

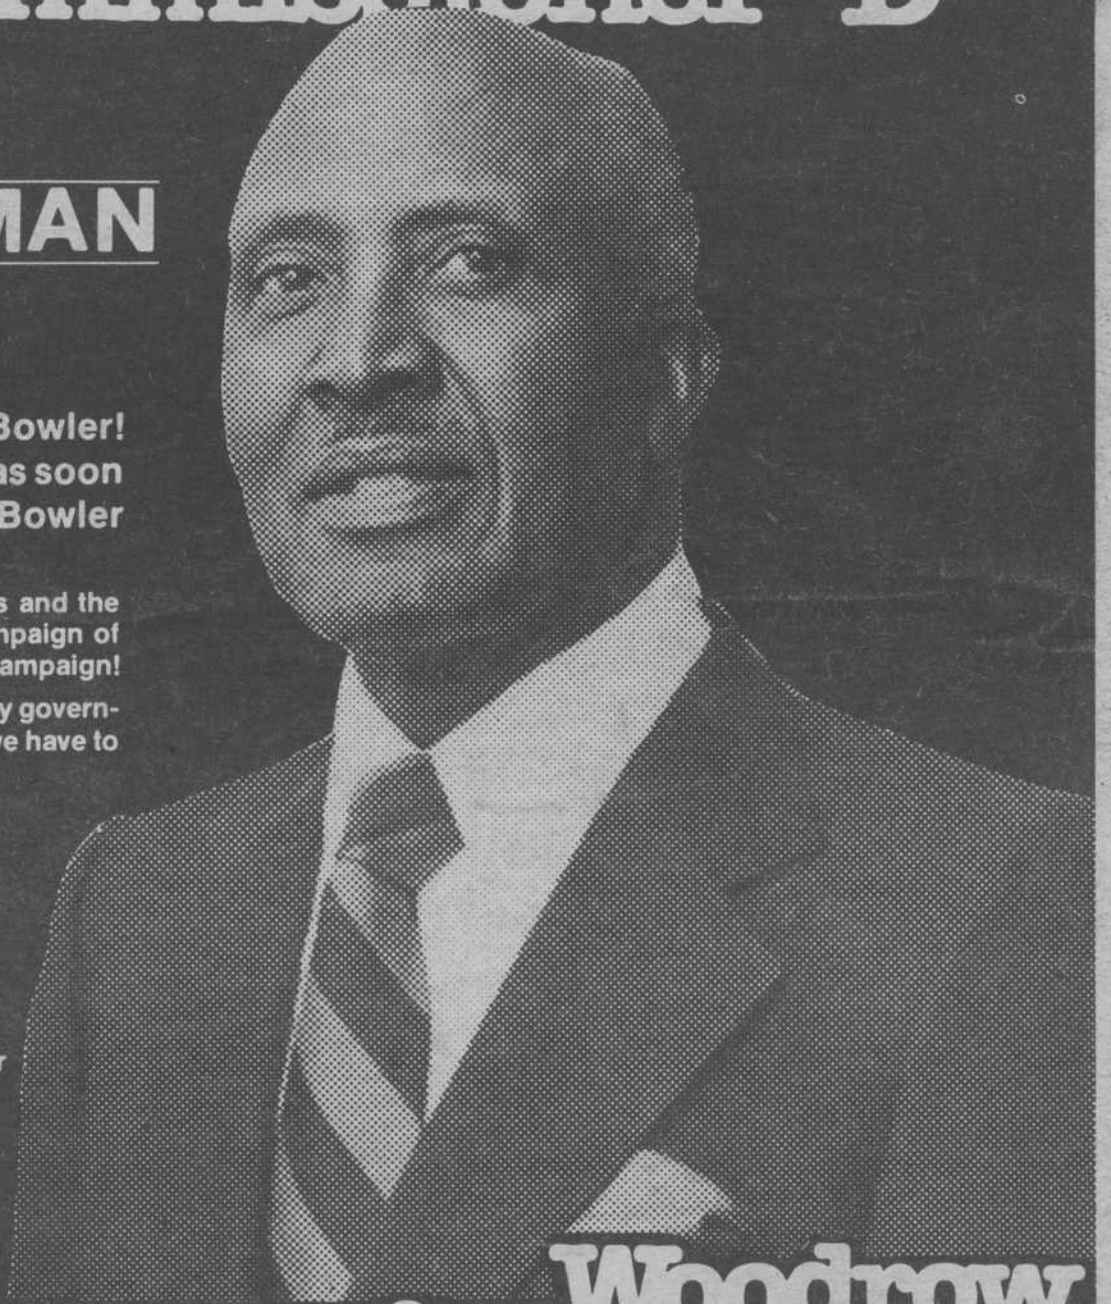

Woodrow Wilson has been accepted by both the whites and the blacks in our community—This campaign is *NOT* a campaign of race; but is a "matter of record, both past and present" campaign! While Sam Bowler has been County Commissioner county government spending has risen 72% each year . . . and what do we have to show for it?

- Inflation
- Uncontrolled growth
- No tax relief in sight
- Crime has increased
- Jails have become overcrowded
- Nonsensitive planning

That is why WOODROW WILSON decided to run for your County Commissioner—*He will do something about our problems!* That is also why Woodrow Wilson has been endorsed by:

- Citizens for Private Enterprise
- Citizens for Responsible Government
- Former Mayor Oran Gragson
- Nevada State AFL-CIO COPE
- Federated Fire Fighters of Nevada
- and

Many leading community citizens across District "D"
