Jocyelyn L. Wilson - Epitome of Life and Vitality

She's young, she's full of life and vitality, she's Jocyelyn L. Wilson.

One of Barbizon's newest and most exciting models, 14 year old Jocyelyn is most definitely a natural for the big times.

The daughter of Rev.

& Mrs. Roy Wilson young Jocyelyn does not plan to limit herself to the field of modeling, but plans to further her career as a Pediatrician.

Presently attending Orr Jr. High School, Ms. Wilson stays active by serving as President of the Stage Band,

Treasurer of the Student Council, a Cheerleader, and member of the Volley Ball Team.

Truly a young lady of many talents, Ms. Wilson's hobbies include music, as well as playing the piano, flute, bass clarinet and baritone sax.

For the active young woman on the move, Ms. Wilson models for us, the ever popular jogging suit. Made in geranium red velour with white strips, tapered at the ankle and wrist. This suit is a necessity for any young woman on the go.

An item very popular this season, is the tunic dress with slits on the side, over straight leg pants and belted at the waist.

Of course, every woman must agree, basic pieces go a long way as far as versatility is concerned. The preppy

slack shown here, with an oriental-cut blouse adds mileage to any wardrobe.

The Sentinel Fashion staff, wishes to extend our thanks to young Jocyelyn for working with us and wish her much success in her future endeavors.
