Letters To The Editor

Dear Editor:

I just had to take time out to let you know that we really appreciate the SENTINEL. As always, I scan the paper weekly and find that I can fully relate to the activities of the community because of your skillful way of communicating.

You have a keen sense of informing us of what really is going on in all facets of our everyday life. It certainly gives all of us a sense of

personal pride, self-respect and self-accomplishment.

I fully concur that we should all pull together for the common good of the community. Jointly, we can hurdle the problems and we can all do it together.

The paper encourages this through its journalistic approach.

Keep up the good work.

Nathaniel Lashore
