seducer, or a Judas or a legalist? Only you and God know!

Brethren, let us all pray that the will of God be done as Joel 2:32, Acts 2:21 and Romans 10:13 show the will of God is!

Remember, brethren, that after the day of Pentecost, began a new covenant with God.

THINK carefully: Joel 2:27-32: Was it quoted by Peter on the day of Pentecost (Acts 2:16-21)? I

find it to be amazing grace, for God is pouring out His spirit on all flesh yet today!

Is God a liar? I accuse no person or God, who gave His Holy Spirit to all flesh worthy of prison or death. Do you accuse as Diabolos?

Fear God, who gave you his Holy Spirit, which is your breath of life today. For some 1900 and more years God has given mankind this grace to stop accusing and LOVE!

Who accused you of not having the Holy Spirit? Was it Diabolos (Satan in spirit)? It must be, for Christ would not.

One nation under God; yet, who accused you of

not? Yes, I say "not" — having God in whom we live and breathe.

I would not have you ignorant, for in Jean, Nevada Prison is a man who, similar to Paul on the Road to Damascus (Acts 9:3), stood under the light that shown down around him as it did also

on Paul 1900 and some years ago!

Wake up, America, for the Kingdom of God has come and is in all of us. Stop being deceived by Diabolos, the accuser! The time of grace for you may be ended soon, for Judgement Day is at hand. Rev. 22:12 —

ting the national scene with news provided by some of the nation's top black news service, columnist and correspondents plus reports from local "stringer" reporters to cover, in depth, the local news beat.

Brown also said the format for the SENTINEL will remain unchanged and will continue to maintain its offices at 2450 Industrial Road.

Widely known off-set printer, Robert Foster Enterprises, will be joining in the operation of the 'VOICE.' They also have instant copy service.

An office supply outlet will be added at a later date.

turers (NAM) and similar business and conservative groups send a lot of bought and paid for delegates to both conventions, the only difference being that the big business delegates are not so open about stating their affiliations and sponsorship.

It seems specious to me to argue that 522 educators have a vested interest in big and wasteful government just because they get their paychecks from a local unit of government which gets perhaps 10 percent of its support from Uncle Sam.

Now, what about the allegation that an overweening number of the Democratic delegates were government employees out to keep alive that once golden now jaundiced goose that has been providing their omelets of grants, gifts, loans, guarantees, dole, handouts and more?

That CBS computer says that 379 delegates, or 11 percent, worked for either federal, state or local governments — some only part-time as state legislators, city councilmen, etc. Add the teachers and you get 26 percent of those delegates dependent to some degree on the largesse of government.

But let us remember that those farmers who were delegates in Detroit are also "on the take" from government. Ronald Reagan's proposed tax cut scheme will put wealthy businessmen more "on the take" than any "welfare delegate" in New York.

My colleagues worry about "teacher power" and "poverty power;" some of us worry about "lobbyist power" and "corporate boardroom power." We all ought to rejoice in the fact that capitalists remain free to fight for their interests, even as teachers now do, and as poor people will do with greater force one of these years.
