**METRO POLICE PRESSING SEARCH FOR JAMEY WALKER ABDUCTOR(S)**

JAMEY WALKER

At Sentinel press time Metro Police investigators, who apparently have no new leads in the kidnap-murder case of 18 year old Jamey Walker, are still trying to find out whether or not a local construction worker had any thing to do with the crime. They are also checking out the rumors that the alleged kidnapppers were actually looking for a relative of Jamey's and abducted the victim from her home by mistake. It is further rumored that the relative, who often visited the victim's home, had allegedly stolen a large amount of money from the construction worker, who lives in this area.

The Police declined to comment as to whether they have interrogated

he worker.

Jamey Walker, the daughter of Eleanor Walker, a past president of the local NAACP chapter and James Walker, co-owner of the People's Choice supper club and casino and the granddaughter of Sarann Knight Preddy, a former candidate for the Las Vegas City Commission, was abducted from her home on May 8. Her father received a call from the kidnapper early the next morning, who demanded a \$75,000 ransom for her release. The next day Jamey's body was discovered on the North Shore Drive near Lake Mead at the base of a bridge. It was determined by County Medical Examiners that she had died of a massive skull fracture.

**REWARD**

A substantial reward is offered for any information leading to the arrest and conviction of any person or persons responsible for the death of Jamey Walker. Please call the Secret Witness number 386-3213. (Your identity will be kept a secret) Contributions may be made to the Jamey Walker Reward Fund at any branch of Frontier Savings and Loan.
