

# COMMISSION RELIGNS COUNTY

An ordinance to realign county commission districts will be introduced at the Clark County Commission's Tuesday meeting.

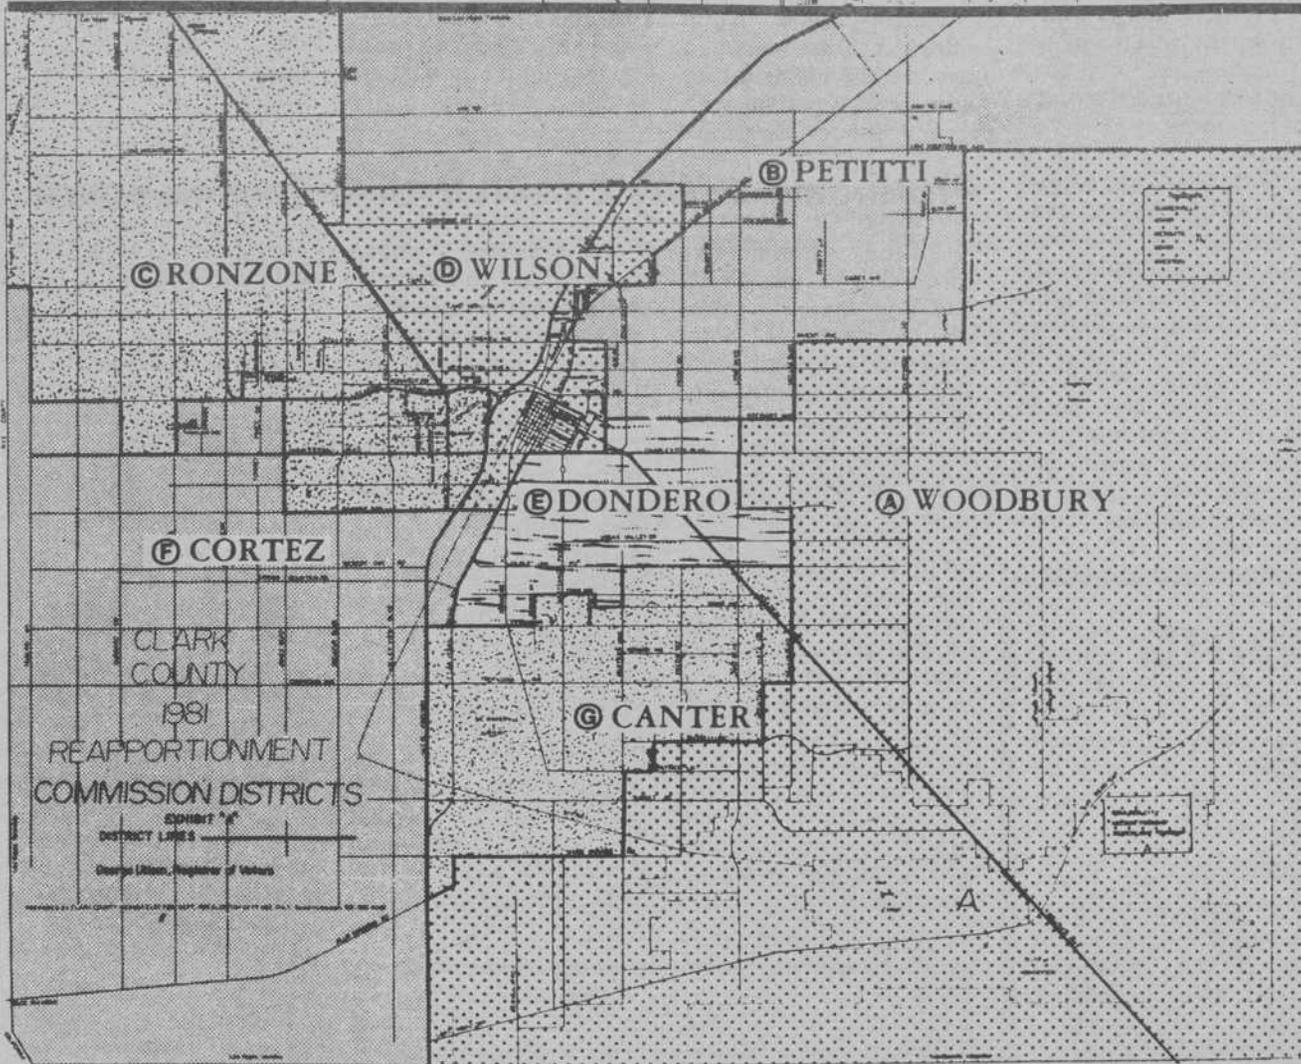

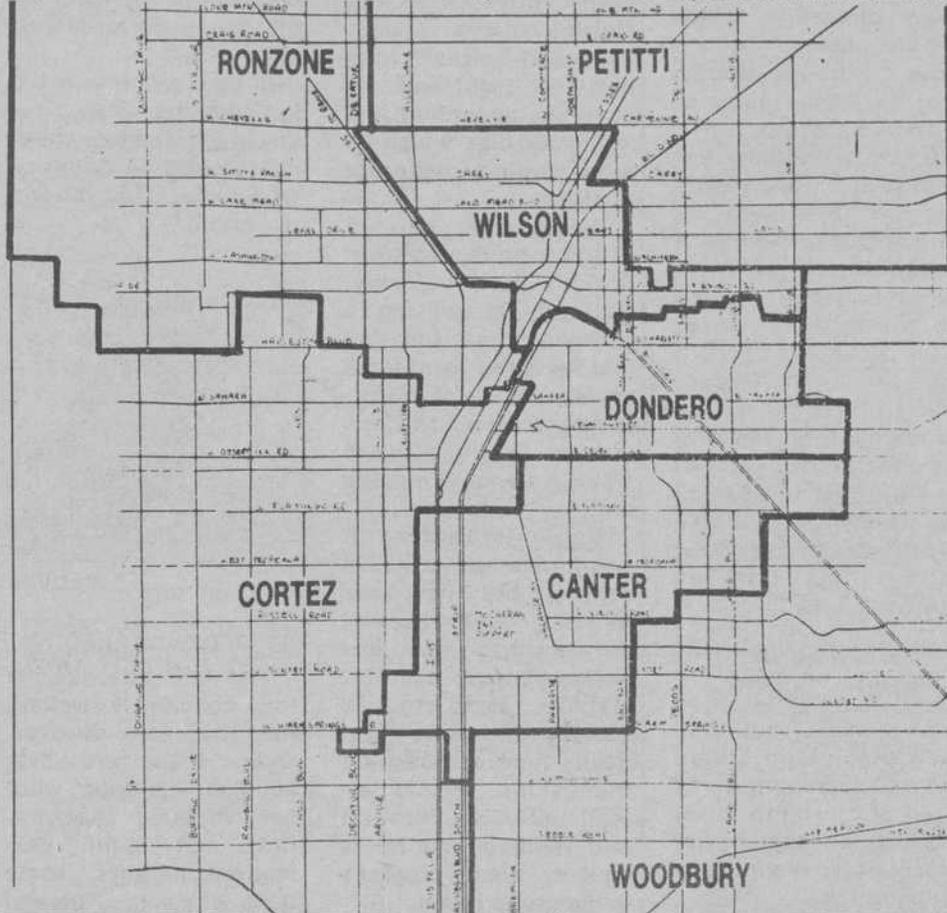

Both state and federal laws require the adjustment which comes as a result of the 1980 U.S. Census Bureau figures released in late December.

County Manager Bruce Spaulding says the shift will add about 10,000 people to each district and that each county commissioner will represent about 67,000 people.

A public hearing on the ordinance will be Aug. 4.

Another ordinance scheduled for introduction on Tuesday would, if adopted in August, make a required change in the county code to reflect the county's added share of sales tax revenue it is entitled to under new legislation.

# NLV Man Treated For Gunshot Wound

James McNeal, who suffered a gunshot wound in the throat last Thursday while working in his father's convenience store, is listed as being in stable condition. He has been transferred from North Las Vegas Hospital to Valley Hospital.

McNeal was shot in the back Thursday night during the robbery of McNeal's Quick Stop Market, at 404 W. Carey Avenue in North Las Vegas. While walking around the counter to

the water cooler, he was shot with a .25 caliber bullet that lodged in his throat.

Following the shooting, the robbers, who were masked, fled on foot with an unknown amount of cash. At SENTINEL press time, they have yet to be apprehended.

Police are hoping to get a lead as to the robbers' identity and whereabouts through their bragging about the incident to someone in the community.
