## CLARK COUNTY SCHOOL DISTRICT ACTIVITIES

**SCHOOL SUPPLIES BEING LOADED UP FOR DELIVERY** — A workman loads up supplies at the District's Central Warehouse prior to delivery to one of 113 school sites in the school system. Most supplies are stored at the Warehouse until they are needed at a school.

**SCHOOL BUSES READY** — Over 300 school buses are available to transport, to and from school, any student living more than two miles from their assigned classroom. The fleet includes vehicles modified to accommodate special education students. Buses are housed at yards in two locations: Eastern and Stewart, and on Arville off West Tropicana.

### School Enrollment

Over the past ten years, the Clark County School District's enrollment has increased more than 20 percent. Estimated

minimum enrollment for the 1981-82 school year is 90,093 students in kindergarten through 12th grade.

Most of the students are in the metropolitan

area of Las Vegas, North Las Vegas and surrounding unincorporated areas, which accounts for 79,017 students. In Henderson schools, 6,855 students are ex-

pected, 2,189 in Boulder City, 1,105 in Moapa Valley, 404 in Virgin Valley, 403 in Indian Springs and 120 in rural schools at Blue Diamond, Goodsprings, Mt. Charleston and Searchlight.

Better than 45,403 students are expected in elementary schools, while 20,476 will enroll in grades seven, eight and nine. At least 19,842 high school students are expected, while 4,371 youngsters at all grade levels will enroll in special education programs.

Sixth grade center students will begin classes at 9:20 a.m. and adjourn at 3:20 p.m.

Both junior and senior high schools will operate from 8 a.m. to 2 p.m. with the exception of Sunset High, which meets from 3:30 p.m. to 10 p.m. (Monday-Thursday), and 3 p.m. to 7 p.m. on Fridays in what is Las Vegas High during the day.

Staggered schedules allow school buses operated by the school District to run two or three routes each, both morning and afternoon. If all schools were on the same schedule, more buses would be required to provide the same service.

### BIRTH CERTIFICATION

Children entering kindergarten for the coming school year, and first graders who have not

previously attended school in Clark County, will be required to present birth certificates or other proof of date of birth.

Birth certificates for children born in Clark County from 1955 to the present can be secured at the Clark County Health Department, 625 Shadow Lane, Las Vegas. The fee is \$2.00.

Birth certificates for children born in Clark County before 1955, and those born in all other Nevada counties, can be secured at the Department of Health and Welfare, Division of Vital Statistics, 505 King Street, Room 102, Carson City, Nevada 89701. The fee is \$2.00.

Children must be five and six years old by September, 30, 1981 to enter kindergarten and first grade, respectively.

## CLARK COUNTY COMMUNITY COLLEGE

### FLYING

Have you always wanted to fly your own airplane? Clark County Community College offers a class in its Community Service Program to those wishing to take wing.

The course, which will begin September 1 on Tuesdays and Thursdays from 7:30 p.m. — 10:00 p.m. at North Las Vegas Air Terminal, is designed to prepare students for the FAA Private Pilot's written examination. The cost of the three month course is \$60.

Please call the College at 643-6060, Ext. 268 for further information.

### Auto Course

Learning to take care of your own car is another way to fight inflation. A course on personal auto maintenance is offered by the Community Service Program of Clark County Community College this Fall, beginning Sept. 2.

The course, which is open to anyone interested in servicing their own automobile at home with a minimum of tools, will be given at Bonanza High School on Wednesday evenings 7:00-9:00 p.m.

Among the techniques taught will be oil changes and lubrication, filter changes and wheel packing.

Please call the College at 643-6060, Ext. 268 for further information.

### COOPERATIVE WORK EXPERIENCE

With the new school year soon beginning at Clark County Community College, students who work can take advantage of the Cooperative Work Experience offered by the College. Through this program students may earn up to 16 credits towards their associate degree by working.

The Cooperative

Education Program provides this opportunity to both day and evening students and to full time and part-time workers. To qualify for credit the student's work must relate to the college major and the student must be enrolled in a minimum of six credits of instruction.

Work experience credits are offered by CCC to students enrolled in accounting, automotive, data processing, drafting, electronics, hotel technology, human services, management, real estate and marketing. The Placement office of the College will help students who wish to take part in the cooperative education program to obtain a job if needed.

Please contact Ms. Dorothy Perkins, Coordinator for the Program at the College at 643-6060, Ext. 441.

### SCHOOL HOURS

Starting times for school will be staggered by level again this year in the Clark County School District.

Elementary youngsters will be in school from 8:40 a.m. to 2:40 p.m.
