BILLIE ROWE'S NOTEBOOK

HAS VERNON JORDAN ANOTHER RIVER TO CROSS?

Relevant sources continue to repeat in my ears that there's more to the Vernon Jordan resignation, as NUL's prexy, than revealed under the headlines. It is strongly believed that he has one more river to cross that will make tidal size waves in the Big Apple and the Windy City..The Hon. Harry T. Alexander, who became one of DeeCee's most flamboyant and controversial lawyers after serving 10-yrns on the Superior Court bench, is fighting for his legal life. A 3-member A.D. C Court of Appeals legal disciplinary comm. has accused him of "Unprofessional conduct" and recommended that he be suspended for 3-months from practicing law... "Louis," a musical revue about the sounds and life of the great Louis "Satchmo"

Armstrong has presented its case at the New Federal Theatre and awaits the verdict of the critics. It's a Woodie 'King, Jr. - Steve Tenner co-production and the initial opus to mark the 12th season of the Federal Theatre. The talents of the cast is emphasized by Northern Calloway, Debbie Allen, Ernestine Jackson, Ken Page and Tiger Haynes...At 21 love was a winning score and host Philip Morris served notice that the 7th annual Arthur Ashe Tennis rounds at Madison Square Garden, must be "set and match," to benefit our United Negro College Fund Nov. 15th. Ashe failed to make time at the posh corporate affair and emcee Stan Scott, PM's veep, charged the airlines with a double fault.

Insurance Corner

WILL YOU DIE OR ABSCOND?

It is said that: "The man who dies without properly preparing for the welfare of his family has not merely died — he has absconded." These are hard words but, unfortunately apply to too many of us.

Well then, how much insurance protection should you have? There is no "standard" answer for that one either. It will vary in every case. But there are some basic elements to consider.

Have you arranged for an adequate income until the children are old enough to support themselves? How will the mortgage and other debts be paid off? Do you want to assure funds for your children's education? How much can your wife earn if she can go to work? How much life insurance can you comfortably afford?

And there's no need to carry the whole planning burden on your own shoulders. You should have the help of a well qualified insurance agent in arriving at the answers.

This information has been brought to you as a public service by EBONY INSURANCE AGENCY, 808 So. 6th Street, Las Vegas Phone: 382-2431 Your one-stop answer to complete insurance protection.
