

# Fashions IN LEATHER

NEWS  
THIS FALL

The show-stopping appeal of red looks better than ever in this red leather sweatshirt-style tunic.

For the sheer pleasure of it, wear a drop-dead-gorgeous burnished pewter skirt in leather, topped with a Lurex-shot fisherman's knit sweater.

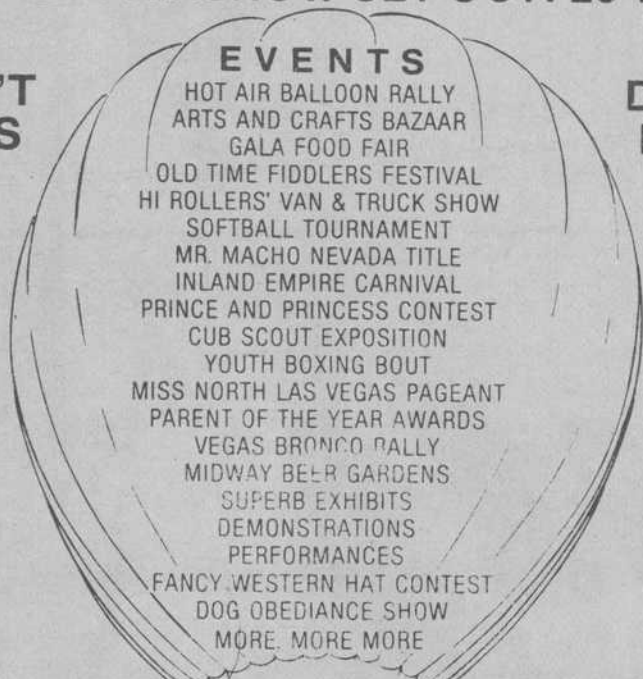

For the ultimate in drama, put yourself in the big leather dress with a wrap and a flourish.

This roomy elongated battle jacket in softest milk-chocolate-colored leather, goes just as easily over a blanket-fringed wine/brown wool dirndl skirt and suede boots as over wool pants or jeans.
