

A Word Through Bishop E. N. Webb:

THANKFULNESS—First among the things to be thankful for is a thankful spirit. Some people would grumble at the accommodations in Heaven if they ever got there. They take their blessings here so much as a matter of course, that even a day of general thanksgiving once in a year is more than they feel any need of. And if their personal blessings in any measure fail, gratitude for what they have had or still enjoy is the last thing they think of. Another class really desire to be thankful, but they are naturally despondent.

How different with the thankful heart! What a gift it is to be born with an outlook toward the bright side of things!

And if not so by nature, what a triumph of grace to be made thankful through a renewed heart!
Happy

are they who possess this gift! Blessings may fail and fortunes vary, but the thankful heart remains. The happy past, at least, is secure—and Heaven is ahead.
