Math Facts Contest Success In County

Over 15,000 students in grades 4-6 entered the Math Facts Contest sponsored by the Clark County School District. Winners at the school level will participate in a finals competition at 10 a.m., May 11 - 14 at the Curriculum Services Center, 600 North Ninth Street.

Students entering the contest are timed on their ability to recall 100 "basic facts." Computational skill is recognized as an important objective of a school mathematics program.

The Math Facts Contest is designed to motivate students to master addition, subtraction, multiplication and division

facts with accuracy and speed. Fourth and fifth grade students are tested on facts through nine. Sixth grade students are tested on facts through twelve.

Fourth, fifth, and sixth grade winners from each assigned zone receive an engraved plaque to be displayed at their school. Three grand champions will be recognized at the June 12 School Board meeting where they will receive trophies to be kept at their school for the following school year. A personal memento will be awarded to the three individual winners.
