AASK CORPORATE PROGRAM **UNDERWAY!**

Somehow It doesn't seem fair that homeless children cannot be helped without money ... but that's the way it is. Aid to Adoption of Special Kids (AASK), has been operating as a licensed, private, nonprofit adoption agency in Nevada since 1976. AASK's basic premise is that no child is unadoptable. Children who are physically, emotionally or intellectually handlcapped, who are older, have siblings or who are members of a minority

BLACK MINERS KILLED IN AFRICAN GOLD MINE RIOTS

Eight black miners were killed Saturday during riots at two South African gold

mines. At least six of them were killed by police.

Sparked by pay dis-putes, the rioting erupted when South Africa's Chamber of Mines decided to give a 12 per-cent pay hike to black underground workers but only an 11 percent Increase to surface workers.

Six of the black miners were killed when police were called to help control the riots at the West Driefontein and Grootviel gold mines.

The violence had begun on Thursday when black miners at the West Driefontein mine smashed windows and stoned cars belonging to white mine employees, authorities said.

Police estimate that about 13,000 miners were involved in the riots.

Unlike the white minthe country's ers. 500,000 black miners have no labor union.

WAITING CHILDREN

and trucks, and games like hide and seek. Shawking's foster famlly recently acquired a swing set which has become Shawking's favor-Ite place to play.

Shawking desperately needs security, stability and a great deal of love. An adoptive family which could meet these needs and also encourage Shawking to reach toward his fullest potential would be the ideal family for this child. Shawking has been walting four years for such a family. How much longer will you make him wait for a famlly of his own?

HOW YOU CAN

ADOPT

The children described in this column are waiting for adoption. Nationwide, there are over 300,000 children who, for various reasons, have not found permanent parents. Some have physical, mental or emotional handlcaps; some are of mixed racial background; some are older; others are siblings.

The Las Vegas SENTI-NEL, working with AASK (Ald to Adoption of Special Kids) hopes to find homes for these children. AASK is look-Ing for people who can give love and nurturing to hard-to-place children. Prospective parents may be single or married.

Subsidies (payments to the adopting family each month and medical expenses) are available for many of the children. Subsidies depend on the financial situation of the adoptive family.

If you'd like more information on how to adopt a special child or how you can help finan-cially support the AASK program, please call 876-7420 or write AASK Adoption Agency, 3305 W. Spring Mountain Road, Suite 92, Las Vegas, 89102.

Adoption is a specific legal matter, and the Las Vegas SENTINEL can answer no questions concerning the children.
