CLARK COUNTY COMMUNITY COLLEGE

New Procedures For Registration Outlined

CLARK COUNTY COMMUNITY COLLEGE is going into its eleventh year and 10,075 students are being served in a variety of academic opportunities. This figure represents a 22.1% increase over the 1981-82 academic year.

The College began registration for the spring semester November 15, 1982, and continues through January 21, 1983. In order to meet the needs of the public, the College has a new procedure for registration — by phone — call 643-0830, 11 a.m. to 3 p.m. and 5 p.m. to 8 p.m. Mondays through Thursdays and 10 a.m. to 3 p.m. on Fridays un-

til December 23, 1982. Students will select courses from the spring course schedule which is available at the College and throughout the city at libraries, banks, supermarkets, and 7-11 stores.

Call the College between specified hours at 643-6060 and set up an appointment for faculty advising or counseling. This will eliminate waiting in those long lines to find out the course has been filled.

This new registration procedure has been implemented in order to expand the counseling program at Clark County Community College.

This system will allow each student to receive more individual guidance in the selection of the course or program of study chosen by the student.

Registration will be held at the following sites:

Meadows Mall, December 4-5, 10 a.m. - 6 p.m.

Henderson Campus, December 6-7, 2 p.m. - 8 p.m.

Henderson Campus, January 5-6, 2 p.m. - 8 p.m.

Fashion Show Mall, January 8-9, 10 a.m. - 6 p.m.

Boulevard Mall, January 15-16, 10 a.m. - 6 p.m.

CCCC And Channel 10 To Offer Telecourses

CLARK COUNTY COMMUNITY COLLEGE has joined forces with Channel 10 to offer a new concept in education: Telecourses. This Spring, Channel 10 viewers will be able to earn nine credits without leaving the comfort of their own living rooms.

Beginning January 17, CCCC will offer three high quality, academically sound college telecourses: HUMANITIES THROUGH THE ARTS

(ART 100), AMERICA: THE SECOND CENTURY (HIS 101), and CHILD PSYCHOLOGY (PSY 233). Each of these three credit courses is transferable to other college and university systems.

Telecourses are composed of video programs, textbook reading, interaction with expert faculty, and tests designed to measure and expand understanding of the material.

Telecourses make

learning available on your schedule, in the privacy of your home and at a quick pace. While offering the utmost in convenience and access to learning, telecourse content is intellectually challenging and rewarding.

Enrollment in CCCC's Telecourses can be accomplished in person at CCCC or by telephone with VISA or MASTERCARD. Call 643-6060 or 643-5524 for more information.

Girl Scout Calendars On Sale

The 1983 Girl Scout wall calendar, which goes on sale beginning November 19, includes a Frontier Council photograph of three Boulder City Girl Scouts taken by professional photographer Irene Whelan. The 8-by-10 color print, which is positioned in the calendar for the month of June, pictures Tera Zerkle, Becky Witt and Laura Whelan getting ready to take a spin around the roller rink.

Ms. Whelan's photograph was one of twelve top winners from among entries submitted nationwide to the annual contest of the Girl Scouts of the U.S.A. The photo also earned \$1,000 in Girl Scout equipment for Frontier Council.

Irene Whelan is a freelance photographer born and raised in New York and now living in Boulder City with her husband and two children. Her preference is exploring the realm of photography as a fine art and creating sensory impressions of our environment that reflect the beauty of life. She has worked for the Boulder City News on a variety of assignments and as columnist/photographer for the inquir-

MAMA CITES NATIONAL ADOPTION WEEK

Thanksgiving is a very special time of the year. It represents a time where we offer thanks and a time of joy and sharing with loved ones. Unfortunately, not everyone enjoys this season of thanks. There are approximately 750,000 American children currently in foster care. These children are in limbo and do not enjoy the "forever home" most of us take for granted. In fact, a disproportionate number (40%) will remain in foster care from one to five years. As time passes, the probability of them staying longer in foster care increases more significantly.

The week of Thanksgiving (November 21 through 27) is National Adoption Week. It is a very special time of national observance of the plight of legally freed children. Hope-

ing Photographer and the Mystery Picture. She volunteers her talents to Frontier Council.

Girl Scouts throughout Frontier Council will be selling both the wall calendar (\$1.50) and a smaller Pocket Planner (\$1.00) on a

fully, it will cause us to pay additional attention to these children and serve as a reminder that there's much work to be done. Recent trends and events in child welfare have caused increased awareness of permanency planning for children removed from their homes. Moreover, increased child advocacy and the spectrum of issues surrounding children placed in foster care have caused a complete reassessment of traditional adoption standards and the organization and delivery of adoption services. This is certainly a step in the right direction. However, issues concerning "special needs children" will continue to require on-going attention by American educators, public policy makers and the Human Services network.

person-to-person basis and at a limited number of booths scattered throughout the community. Profits from the sale will be used to support Girl Scout activities. The sale will end December 6.
