**BLACK CHAMBER OF COMMERCE
MAKES STATEMENT ON MX**

Since the concept of Closely Spaced Basing is being considered to house the MX missile, it would seem to be acceptable to most of the opponents of MX who were heard from last year. It is enthusiastically supported by the Nevada Black Chamber of Commerce as witnessed by a unanimous vote of the general membership at a recent meeting.

MX can provide economic and social benefits as well as employment to the citizens of Southern Nevada at a time when unemployment is at an all-time high.

The Nevada Black Chamber of Commerce stands side by side with all the Area Chambers of Commerce in urging the selection of Southern Nevada as the location for the Dense Pack concept of the MX Missile Program.

**Congressman
Eyes Mayor's
Post**

Harold Washington, a black congressman who got 11 percent of the vote in Chicago's 1977 special mayoral election, will launch a second bid for the office on Wednesday, the Chicago Tribune reports.

The 60-year-old Democrat's campaign to become Chicago's first black mayor will be directed by Renault Robinson, a Chicago Housing Authority board member and executive director of the Afro-American Patrolmen's League, the newspaper said Monday.

Washington, who was elected last week to a second term in Congress, was not available for comment. An aide, Paul Davis, said the congressman will hold a news conference in Chicago on Wednesday "to announce his intentions. ... He hasn't told us if he will or if he won't."

Cook County State's Attorney Richard M. Daley entered the mayoral race last week. Mayor Jayne Byrne has not officially announced if she will enter the Feb. 22 Democratic primary.

Robinson said there are more than 600,000 registered black voters in Chicago, and that a record number of blacks — some 75 percent of those registered — voted in the general election. If 80 percent of registered blacks vote for Washington, "he could easily win the race" as Mrs. Byrne and Daley split the white vote, Robinson said. The average primary turnout has been 850,000 voters.
