SOLICITATION FOR PROPOSALS FOR ON-THE-JOB TRAINING SUPPORTIVE SERVICES

The State of Nevada Department of Transportation (NDOT) hereby solicits proposals for supportive services to increase its effectiveness in providing on-the-job training opportunities for minorities, women, handicapped and the disadvantaged on Federal-Aid highway projects.

Proposals, as a minimum must include the following:

1. A clear and complete statement of services to be provided under the contract such as services to construction contractors, sub-contractors and trainees, for recruitment, counseling, remedial educational training, assistance in the acquisition of tools, special equipment, transportation follow-up procedures, the experience of both the firm and individual personnel, etc. This statement must include numerical goals which the contractor intends to meet in the areas of individuals contacted, tutored, tested, counseled, referred, placed into an approved training program and employed on Federal-Aid highway construction contracts.

2. A program to keep track of trainees receiving training on Federal-Aid highway construction projects for up to six months, during periods when their training is interrupted. Also, conduct a six months follow-up review of the employment status of each graduate who completes an on-the-job training program on a Federal-Aid highway construction project. NDOT will furnish a list of those trainees that have completed the approved training program. The above requirements shall be fulfilled on a statewide basis.

3. The non-discrimination provision required by Title VI of the Civil Rights Act of 1964 as set forth in FHWA PR-1273 and a statement of non-discrimination in employment because of race, religion, national origin, sex or handicap.

4. Monthly reporting procedures containing sufficient statistical data and narrative content to enable Nevada DOT to evaluate both progress and problem areas. For example, the monthly report must contain contractor's progress in achieving goals noted in paragraph 1 and problem areas which would hinder meeting these goals. A final report at the termination of this contract will be required containing sufficient information to enable NDOT to evaluate contractor's achievement of goals.

5. An itemized cost estimate. The cost breakdown must indicate the number of employees, position classification, race and sex, their salaries, amount of time, office location, working hours, expenses, etc.

6. The geographic area of coverage within the State of Nevada. Item (2) above, however, must be covered in the entire state. The proposal shall define the geographic areas of coverage which can include the entire state or the northern or southern areas.

7. Additional Requirements - each proposal shall explain any funds being received from other Federal, State, or private organizations. Such explanation shall include the following:

1. Purpose of funds;
2. Amount of funds; and
3. Agency from which funds are received.

If it is a Federal contract provide:

- a. Detailed information on scope of work
- b. Cost accounting procedure to prevent duplicate payment for same work.

All proposals must adhere to the following stipulations:

A. The contract will be for one year beginning June 20, 1983 and terminating on June 20, 1984.

B. The contract amount cannot exceed \$40,000.00 for statewide coverage or \$20,000.00 if the contractor elects to provide services in either the northern or southern areas.

At the present time, the NDOT is soliciting for proposals for Minority Business Enterprise (MBE) supportive services. The NDOT encourages all qualified contractors to submit combined proposals for MBE and OJT.

C. Proposals must be submitted to and received by:

Nevada Department of Transportation, Contract Compliance, 1263 South Stewart Street, Carson City, Nevada 89712 on or before June 15, 1983 phone (702) 885-5497.

All proposals will be reviewed and evaluated by representatives of NDOT and the FHWA. The award will be based on merit and not necessarily awarded to the lowest bidder.

SOLICITATION FOR PROPOSALS FOR MBE SUPPORTIVE SERVICES

The State of Nevada Department of Transportation (NDOT) is seeking the services of a professional organization to provide supportive services to minority business firms interested in working on NDOT projects. We intend to contract for the services for a 12-month period beginning June 20, 1983 and ending June 20, 1984.

Types of services to be provided for the entire State of Nevada are as follows:

1. Training and technical assistance to otherwise qualified minorities for attaining a contracting license.
2. Solicitation and encouragement of minority-disadvantaged firms to participate in all facets of NDOT contracting activity.
3. Assistance to such firms in obtaining financial assistance, bonding and prequalification.
4. Assistance to those firms in estimating and bidding.
5. Assistance in project management areas including scheduling, safety, labor compliance, etc.
6. Assistance to NDOT personnel in the utilization of minority business enterprises in the major, minor and miscellaneous contracting areas.

To be considered, proposals must contain methodology, experience in similar types of programs, estimate of cost, your firm's affirmative action plan commitments, provisions for maintaining a statewide MBE directory, provisions for certifying MBE in accordance with 49 CFR Part 23, specific numerical goals as to the number of MBE's licensed and the number of MBE contractors assisted in receiving Federal-Aid contracts and/or subcontracts and the present utilization of minorities and females by your organizations.

Monthly reporting procedures containing sufficient Statistical data and narrative content to enable Nevada DOT to evaluate both progress and problem areas. For example, the monthly report must contain progress in achieving goals and problem areas encountered in meeting these goals.

An itemized cost estimate. The cost breakdown must indicate the number of employees, position classification, race and sex, their salaries, amount of time, office location, working hours, expenses, etc.

The proposal shall define the geographic area of coverage which can include all of the state or the northern or southern areas.

All proposals must adhere to the following stipulations:

A. The contract will be for one year beginning June 20, 1983 and terminating on June 20, 1984.

B. The contract amount cannot exceed \$80,000.00.

C. The non-discrimination provision required by Title VI of the Civil Rights Act of 1964 as set forth in FHWA PR-1273 and a statement of non-discrimination in employment because of race, color, religion, national origin, sex or handicap.

D. Additional Requirements. Each proposal shall explain any funds being received from other Federal, State, or private organizations. Such explanation shall include the following:

1. Purpose of funds;
2. Amount of funds; and
3. Agency from which funds are received.

If it is a Federal contract, provide:

- a. detailed information on scope of work
- b. cost accounting procedure to prevent duplicate payment for same work.

E. Proposals must be submitted to and received by:

Nevada Department of Transportation, Contract Compliance, 1263 South Stewart Street, Carson City, NV 89712 on or before June 15, 1983.
Phone (702) 885-5497.

At the present time, the NDOT is also soliciting proposals for on-the-job training (OJT) supportive services. The NDOT encourages all qualified contractors to submit combined proposals for both MBE and OJT.

In reviewing the proposals, the NDOT will also give consideration to those firms which provide similar services to other agencies which may contribute to or enhance this program.

All proposals will be reviewed and evaluated by representatives of NDOT and FHWA. The award will be based on merit and not necessarily awarded to the lowest bidder.
