

George Washington Carver done went and showed us so many thangs to do with the PEANUT...

# JACKSON STREET & ME . .

By Rudi Jackson

HEY! Ed Brown and George A. Burns, a lots of readers ask ME what U-2 B LOOKING LACK...So why not put a mug shot in the Sentinel-Voice and let your fans & readers be C-N-U sometimes (?...The devil made ME do that...But its true...Same thang with Betty...Why not... huh! (smiles)

Ken, must ME say U do a real ring up-close coverage of the SPORTS in and around town (keep them punches up and flying at the fans weekly...

Hey Doc Willson and Soul Sis Jones, you are in tune with the needs of the people; only hope the words of truth are heeded...

Music-wise Lady Essence, you dig deep into the soul of the many artists in black music, which is what music is mainly about...Oh yes...Lady, can you dig up some information on some of the late and greats in black music and sock some music knowledge from your college at us?...Sho'nuf bees thank-n-u miss lady-E...

Now, Joe Neal is mad about the bee-hive and is sho'nuf telling the folks off, but then that is the power of speech and the press...

Thangs are hot not only here on T.W.S.O.T., but clean on up to the CAPITAL IN D.C...R/R has spoke out to save his skin as President come next Vote-Time, when only a very few days ago he had very little to say about the CARTER BOOK of NOTES...

Even heard news that the VAtican in Rome has strong ties in money matters with the Under-World Bosses.

So why worry about the little bits of dirty work going on? This is to be pondered over by many as they move in dark shades of day trying to stay cool...It is HOT in all sectors of the earth from so many wrong doings...

A.J. Thompson is working at getting a message across to the readers of what the will of God is for man-kind...But then we see so many ways that are spoke of as paths to God, until many have threw up both hands and said, "Lord do with me as you desire..." And never ever really learn what the will of God is...But the message is in there for you to read and heed...

Like it done been said: George Washington Carver done went and showed us so many thangs to do with the PEANUT...But SKIPPY makes the MONEY making PEANUT BUTTER...Black KNOWLEDGE IN A VACUMED PACK JAR!

There is another one about the man who was picking his teeth with a little wooden pick he had cut from a tree branch and when he finished he threw it to the ground. Another man walked over picked it up and went out and cut down some trees and started making tooth-picks...

The moral is: U JUST NEVER KNOW WHO IS WATCHING U!

Fine thing the way folks can see and speak about the bad problems that be falling upon the Black Folks on T.W.S.O.T., but the facts all remain UN-CHANGED...WHY? WHAT? WHO? GAINED by the fence being put up at Doolittle rec. center..Was there any great need, except to catch who ever is there in a trap where they can not run or drive out so fast. NOTHING has changed because that is not the answer to the problem of the YOUTH who have not the guidance and knowledge many need, yet are lacking, in this helter/skelter city in which they have grown and are now thrown to move about...

So many are going to victimize one the other since that is the depth of wisdom they have learned to deal with and that is what the system wants and has kept on the front burners of the minds of the Black Youth: "DO ONE ANOTHER IN and GET AHEAD!" This is a time in which we see so much up-heaval in the social system which has spread down the ladder of society leaving very few untouched by the force which be with us...

Take note of how a town in Florida has just got busted for being full of vice from head to toe...Put down here, it spreads there...

No one on earth can solve the world's woes, yet men boast and brag of how they can, if put into some office and let to do as they have plans of doing...

NOTHING HAS COME OF THE MANY HOPES AND PROMISES AND VERY LITTLE HAS TOOK PLACE IN THE LIVES OF BLACKS WHO SWEATED AND TOILED TO BUILD THIS GREAT NATION...Our out of the city writers John E. Jacob & Bayard Rustin attest to the facts....

We are in a UP/n/DOWN WORLD and as Jerry Butler sang: ONLY THE STRONG SURVIVE!

I just want U to KNOW THAT ME READS WHAT IS PRINTED IN THE ONLY FORCEFUL BLACK SENTINEL-VOICE IN LAS VEGAS... KEEP IT THAT WAY. WE NEED TO KNOW THE TRUTH AND THE LIE...WE NEED TO STAND STRONG AND STOP HATE FROM FLOWING THRU OUR SOULS LIKE WARM REACH POISON BLOOD...WHY CAN'T WE BE FRIENDS AND RID THE COMMUNITY OF THE LONG STANDING DOWN TRODDEN CONDITIONS...OR IS this a place like the one in so many other places...Death is the parting factor from all wrong doing on earth???

Backstage With: B. B. KING & His Entourage ..

really good time!

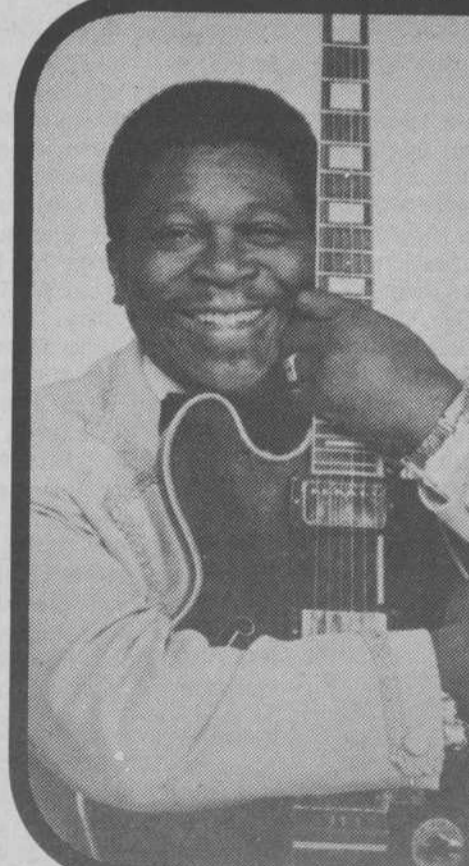

The first program was on fast main meals. Nearly everyone has a good idea on how to beat the heat in the kitchen and hurry the kids off to a drive-in-movie. So, participants brought their favorite idea for a main meal and shared it with their neighbors at 7 p.m. on July 13.

Summertime is the time for salads and on July 27 bring your best scrumptious salad recipe to share at the exchange. The menu for August 10 calls for your most delectable desserts and the August 31 program deals with the most distinctive type of summer eating, the B-B-Q. Bring extra napkins along with your favorite B-B-Q recipe and while you are munching away, learn some extra hints about the gas grill and the Hibachi.

Summer is a delightful time to visit the library and learn something extra. Take advantage of this fun program at Sunrise Library while at the same time learning how to make your summer cooking easier and more enjoyable!
