

A Kid's Opinion

By Che' Jones

Multi-talented Michael Jackson has a new video on his list, titled "Thriller." I saw it for the first time Friday on MTV.

Michael's first video, "Billie Jean," sold who knows how many copies. Let's face it, he has all the best videos and to me he is the best! I'll say that I can dance good and I'm a natural, but he is fantastic and he's a — you guessed it — a natural!

"The Making Of 'Thriller,'" the one-hour film of the production of Michael's thriller video, will be available for gift-giving at Christmas time. The film will contain "Beat It," "Billie Jean" and footage of him and The Jackson Five.

In 1979 his eight million selling album "Off The Wall" made him the first to have four top 10 hits released off one album. This year he broke his own record with "Thriller." He now has six hits off this album. It has sold 14 million copies.

The video "Thriller" has been shown at some movie theaters. Because of that, Michael is eligible for an Academy Award, so 'get 'em, Michael.'
